

Air Force And Army Call Up More Reserves

Total Of 121,444 Get Active Duty

WASHINGTON — (AP) — The Army and Air Force are calling up 59,444 more reserves, boosting to 121,444 the number they will summon for active duty within the next two and one-half months. The Air Force, hinting at additional future calls, said last night it expects to put 5,000 officers and 42,000 enlisted men into active service by early fall. It spoke of this number as an "initial requirement."

Promotions Considered

The Army announced it is ordering 4,444 male reserve officers to active duty by Oct. 6. Last week it called for 62,000 reserve enlisted men to report during September and October.

The Air Force is summoning mostly officers of the rank of captain or below and enlisted men with special military skills. The Army wants 7,862 captains and lieutenants plus 1,632 medical, dental and veterinary corps officers up to majors and lieutenant colonels.

As an initial step toward adjusting the rank of officers already on active duty to those being recalled, the air force said 5,000 will be considered for temporary promotion to the grades of captain and first lieutenant.

May Apply For Delay

It also announced the grounds on which reserve officers and airmen called up may apply for delay. These include:

1. Persons enrolled in educational institutions.
2. Those engaged in research and scientific activities.
3. Individuals in certain essential activities.
4. Hardship and dependency cases.

Appeals to recall orders may be made to the air force.

Military units headed for the Far East will have priority in the assignment of army reserve officers called to duty. The army expects to have its quotas for

Senators Urge Aid To Formosa

Danger Of Communist Invasion Studied

WASHINGTON — (AP) — Several lawmakers called today for speedy military aid to bolster Formosa against the same kind of Communist assault that struck Korea.

Senator Knowland (R-Calif.) said Secretary of State Acheson's statement there is ample room within present American policies to give military help to the Chinese Nationalists ought to be followed immediately by the shipping of supplies to Chiang Kai-shek.

"All it takes is the will of the executive department to move badly needed equipment to Formosa," Knowland told a reporter. "It ought to be done now so that we won't face the problem of trying to supply troops there after the assault has started, as we did in Korea."

Acheson told a news conference yesterday there has been no change in the U. S. policy of preventing both a Communist attack on Formosa and Nationalist attacks on the mainland. He added that there is ample room within present policies for military aid to the Nationalists.

In a review of the world situation, Acheson praised Gen. Douglas MacArthur as a "gallant and inspiring leader," adding that he shares MacArthur's confidence of victory in Korea.

STILL ON THE JOB — Chris Christensen, who celebrated his 89th birthday yesterday, is still going strong. Coming to Stonington at the age of 16 from Denmark, where he was born, he has spent a lifetime in commercial fishing activities and has a skilled hand in mending nets, as pictured above. Open house in his honor was held yesterday at the home of his son, Ralph, 1016 Eighth avenue south. Two other sons, A. C. and William Christensen, and a daughter, Mrs. Harvey Germanson. All live in Escanaba. (Daily Press Photo)

Midget Plane Plunge Kills Young Pilot At Air Show In Detroit

DETROIT — (AP) — Twelve thousand spectators at the International Air Fair saw a handsome young pilot die when his midget plane crashed yesterday.

Dark-haired, 21-year-old James E. Vosyka of Oak Park, Ill., was pulled lifeless from the wreckage of his tiny craft, the "Ace of Diamonds," while other midget planes raced on overhead.

Both wings of the plane collapsed as Vosyka flew her at 200 miles an hour in the third heat of the \$10,000 Continental trophy race.

Just before the race began, a newspaper photographer caught a three-year-old spectator, Joan Renegar of suburban Berkeley planting a good luck kiss on Vosyka's smiling face.

Her pilot failed to return.

The heat was won by Keith Sorenson of La Crescenta, Calif., whose time of 184.143 miles an hour was the slowest of the three heat winners.

In the opening heat 46-year-old Steve Wittman, manager of the airport at Oshkosh, Wis., set a record of 183.667 mph. Bob Downey of Whittier, Calif., won the second at 186.589 mph.

Bill Brennan, 23, Oshkosh, made a battle of the second heat all the way.

The midget races will continue through today and Sunday in spite of the crash that killed Vosyka, the air fair committee said.

"It is regrettable that after meticulous inspection of planes a fatal accident occurred," said LeRoy C. Smith, manager of the Detroit-Wayne major airport, scene of the air fair.

"Fortunately, precautionary measures prevented the mishap from involving fans," he added.

The death was the second in two years of National air racing. Last year famed Bill Odom died in the Thompson Trophy race at the National air races at Cleveland.

Inyo County Undersheriff Arthur Jewett said tonight there were very cold on the mountain and that many persons have perished while trying to scale Mt. Whitney, its towers 14,996 feet above sea level.

A party of four searchers started up the mountain on horseback Thursday and three more joined them yesterday. They were covering trails by foot today. Four of them returned last night with the report that the pair had not signed the register at the mountain top. The party had searched most of the dangerous east side of the mountain.

Young Reynolds received one-fourth of his father's estate. Zachary Reynolds was mysteriously slain in 1932 before Christopher was born.

Atom Secret Thief Slashes His Wrists

LONDON — (AP) — A man charged with stealing a briefcase full of British atomic secrets was slashed his wrists in his jail cell.

His condition was described as "not serious," but a preliminary hearing on the theft charge, scheduled for today, was postponed pending his recovery. He is William Ralph Wakeham, 35.

The briefcase full of atomic secrets was stolen earlier this week from Frank M. Greenlees, an official of the supply ministry's atomic energy production division at the New British atomic plant in Risley, Lancashire.

Greenlees had left the briefcase in his train compartment at Euston station.

Strike Ties Up St. Louis Travel

ST. LOUIS — (AP) — Residents of St. Louis, the nation's eighth largest city, had no bus or streetcar service today.

The state-seized public transit system was forced to discontinue operation last night because of a wildcat strike by union operators seeking higher wages.

Ironically, the strike was started despite use of a state law passed three years ago to prevent disruption of public utility services.

It also was staged in defiance of Gov. Forrest Smith and leaders of the union, an AFL street and railway motor coach unit, representing some 3,100 workers.

The tieup paralyzed the city, which has a population of more than 800,000.

Business houses said they lost thousands of dollars in business, as the strike grew yesterday. Thousands of workers and shoppers were stranded during the evening rush hour. Hospitals, factories and other establishments made arrangements to transport employees to work in their own vehicles.

State Prepares For War; \$2,000,000 For Defense

No Income Tax For Fighting GI's In Korea

Civilian Levies May Go Up 3 Billion

By FRANCIS M. LEMAY

WASHINGTON — (AP) — Congress appeared agreed today that GI's fighting in Korea shall pay no federal income taxes, and that the taxes of their officers shall be reduced.

A special exemption for servicemen in areas of hostility will be written into a new tax bill asked by President Truman to raise \$5,000,000,000 a year as the "first installment" of the nation's payments on the Korean war and America's rearming against Communism.

Major Items Set

The decision on fighting men's taxes was made yesterday by the senate finance committee as it unanimously approved an increase of about \$3,000,000,000 a year in taxes on personal incomes of over \$50,000,000 taxpayers.

The committee now has approved the major items of the president's tax program. It has followed his main proposals, but the bill when completed may fall some millions short of raising \$5,000,000,000 at the present rate of national income.

Senators George (D-Ga.) and Millikin (R-Colo.) said they expect the measure to sail through the Senate. George is committee chairman; Millikin is the senior Republican. The bill may reach the White House by Sept. 1, unless Congress becomes tangled in an argument over whether to impose an excess profits tax on corporations.

Increase 20 Per Cent

Under provisions approved thus far by the finance committee, this is what the bill would do:

1. Start digging deeper into the pockets of individual taxpayers on Oct. 1. Withholdings on wages and salaries, after personal exemptions, would jump then from the

Atom Spy Ring Hunt Continues

Mother Of 3 Seventh To Be Arrested

NEW YORK — (AP) — The seventh American—and second woman—arrested by the government in the Klaus Fuchs atom spy ring was charged yesterday with conspiracy to commit espionage.

She is Mrs. Ethel Greenglass, Rosenberg, wife and sister of two men already accused of the same crime.

She is a small, slight woman of 35, the mother of two children.

The government accuses her of helping her husband and others persuade her brother to turn over a bomb secrets to the Soviet spy ring.

"If the crime with which she is charged has not occurred, perhaps we would not have had the present situation in Korea," chief assistant U. S. Attorney Miles J. Lane told U. S. Commissioner Edward W. McDonald in asking for \$100,000 bail.

He did not explain his remark, but he obviously meant that possession of a bomb data put the Communists in position to risk war.

Mrs. Rosenberg and her husband, Lane said, have been "affiliated with Communist activities for a long period of time."

Assembly Approves United Europe Army

STRASBOURG, France — (AP) — The European consultative assembly last night approved Winston Churchill's proposal that Western Europe's governments unite their armed forces as a bulwark against Russian aggression.

Britain's wartime prime minister declared such a force should be under the control of a single defense minister, but said he himself was not a candidate for the position.

The assembly adopted Churchill's motion to set up the unified force 89-5 with 27 abstentions, but its action will have no immediate practical results. The group is a completely unofficial parliament with no power to create a European army or defense ministry.

Churchill said his motion was intended as "warning and guidance" for the western world. As such it may serve to spur official government moves towards unified defense.

To back up the army of united Europe, Churchill said, large armed forces should be sent to the continent from Britain and the United States.

Allies Hold Pohang Airfield; Reds Slash At Center Of Line

(By The Associated Press)

American and South Korean forces today clung doggedly to the vital airstrip of Pohang, Red held east coast port, as North Koreans rolled up possibly 60,000 men for an onslaught on Taegu on the flaming 50-mile central front.

American reinforcements were rushed to the Taegu sector to prevent further crossings of the Nakdong river but Red pressure mounted.

Chinju Front Solid

U. S. Army and Marine infantrymen anchored the southern front of the allied beachhead near Chinju. They achieved their objective by seizing heights six miles east of the Red-held city.

Field dispatches from Pohang, captured by the Reds yesterday after slipping through mountain valleys, said U. S. forces still held the airstrip and the situation was not so tense. American tanks led a South Korean patrol into the center of the city without drawing serious fire.

Field dispatches from Eighth army headquarters said United States officers are confident of holding the airfield and recapturing Pohang.

Pressure Increased

Associated Press correspondent

Hal Boyle reported that American infantrymen, supported by tanks, have ringed the vital air strip, six miles southeast of the burning port city, and have secured a key bridge. Pohang itself appeared to be held in enemy hands and half a blazing "no man's land." It lies 65 miles north of Pusan, main allied supply base.

Meanwhile, the Communists appeared to be rolling up huge power potential along the Nakdong river for an all-out offensive against Taegu. This vital rail and road city secures the allies' whole northern and central front and ranks with Pusan in the allies' holding operation.

Pushed Back To River

The Communists have seized but one important bridgehead on the east bank of the Nakdong, near Sinam, about six miles southwest of Changyong. Here a powerful American attack pushed the Reds back to the water's edge on the north flank and made gains in the south.

Southwest of Taegu, the U. S. First cavalry division fought off a Red attack at bayonets' point and South Koreans turned back a Communist tank offensive.

U. S. 8th Army headquarters reported the Communists attempted several other crossings on the

Nakdong in the area defended by the First cavalry and about 1,000 Reds reached the east bank. First division artillery and mortar fire foiled other attempted crossings.

Headquarters announced reinforcements of the army's 25th division have been rushed to the vital river sector to aid the hard-fighting 24th division.

Planes Blast Bridges

In the south, the sector held by Marines and doughboys, the only serious threat to the American advance appeared to come from 1,000 trapped Red troops. The Communists struck back at South Korean forces 12 miles behind the front lines.

Communists were crossing the Nakdong on wrecked bridges, pontoons and underwater stone and log causeways. Allied planes rained at night to harass Red movements and blasted at bridges and causeways.

Fighter planes flew more than 350 sorties blasting at troop concentrations, convoys and gun emplacements. To thwart the continued heavy night movements of Communists F-80 jets and F-51 Mustang fighters were assigned to night patrols.

A powerful force of B-29s struck at the North Korean port city of Najin, which lies within 17 miles of Soviet Russian territory. It was the northernmost blow allied forces have struck thus far and was aimed at destroying Russian-made war equipment.

In Washington the Army and Air Force began calling up 59,444 reserves, boosting to 121,444 the number they will summon for active duty within the next two and one-half months.

Camp Grayling City Of 8,000

Guards Gather For 2 Weeks Training

CAMP GRAYLING, Mich. — (AP) — More than 8,000 men converged on Camp Grayling today for a two-week Michigan National Guard field training encampment that looms more important than any since World War II.

By military car, train, bus and military aircraft, the men came from all parts of the state.

Already on hand were some 500 guardsmen who arrived earlier in advance units to get the camp in shape for the fourth postwar encampment.

The advance units have been setting up tents and securing supplies to turn Hanson state military reservation into the training site for a modern infantry division in the field.

Many of the guardsmen arriving are with the 46th infantry, and others are attached to artillery groups.

The first unit slated to arrive was the 125th infantry regiment from Bay City and Saginaw.

Groups of guardsmen from Alma, Greenville and Holland are expected to pull in by 3:30 p. m. to complete the encampment.

Most motor convoys were scheduled to leave home stations at 5 a. m.

Because mess personnel have been here for three days, meals were ready for the arriving guardsmen.

Chinese Communists Show Off Light Navy

HONG KONG — (AP) — Chinese Communists recently showed off a fleet of 15 to 20 warships in Shanghai—but it wasn't much of a Navy by today's standards.

Eyewitness reports reaching here from Shanghai said the craft were anchored along the Bund during an "Army Day" celebration on Aug. 1.

The fleet consisted of one destroyer, two destroyer escorts, one gunboat, one armed trawler and various landing craft.

Reports said the vessels probably were Japanese repatriation ships which were well-armed and had what appeared to be American-made radar. Landing ships (tanks) also were part of the fleet.

Rio Trains Collide

RIO DE JANEIRO — (AP) — Two trains loaded with commuters collided head-on today to Pavana near the border of the federal district and the state of Rio de Janeiro and first reports said 10 were killed and 70 injured.

Governor Lists Michigan Needs For Emergency

Legislature Will Get Message Tuesday

LANSING — (AP) — Michigan's legislature will be asked next week to appropriate about \$2,000,000 to begin preparing the state for possible war.

Governor Williams indicated his message to the opening session Tuesday (2 p. m.) would suggest appropriations "close to" the amounts recommended yesterday by the civil defense council.

"At a meeting called primarily to consider money problems, the 28-member council voted to ask for \$392,740 to enlarge the state police, \$83,970 to create a state police security squad, \$100,000 for a central civil defense office, and \$30,000 for organizational planning of the state guard."

More Troopers Wanted

Another \$1,332,000 was proposed by Dr. Albert E. Heustis, state health commissioner, to begin the "living blood bank" program. The council took no action on this recommendation, but the governor said he may include such a figure in his message.

State Police Commissioner Donald S. Leonard suggested that the council ask for \$294,520 to permit recruiting 120 new state troopers, but the council overruled him, arguing that more recruits were needed.

The larger figure agreed on will permit recruiting 180 new troopers.

The state police are undermanned "even for normal times," commented Police Chief Richard W. Richards of Midland, a council member.

To avoid competing with draft boards for manpower, Leonard said that during the emergency, the state police would waive their requirement that recruits be unmarried.

Security Squad Approved

This will tap a whole new field of now draft-exempt men, including married combat veterans, Leonard said. State police would not accept men subject to the draft as recruits, he said. Recruits

Wrangle Rages In U. N. Council

Russian Propagandist Gets In Last Word

LAKE SUCCESS — (AP) — The Security Council — still snarled up over procedure on the Korean question — wound up its second week of squabbling yesterday, with Russia getting in the last word. The speech-making marathon resumes Monday.

Jakob Malik, as president, gave himself the floor yesterday, as Russia's delegate, to attack the United States in a speech designed to close out the council business for the weekend without danger of an immediate reply.

His speech was a counterattack to U. S. Delegate Warren Austin's summation Thursday of Russian responsibility for North Korea's invasion of South Korea and defiance of the United Nations.

It followed a statement of Sir Gladwyn Jebb, chief British delegate, that Communist imperialism wants to swallow up all Asia and must be stopped.

Malik tried vainly to make the council submit to him by voting on his proposal to seat both North and South Korean representatives — and Red China—before the council can consider anything further on the Korean question.

Renew Ensign Phone Survey

Seek Service From Michigan Bell

A survey of telephone users in Ensign township and circulation of petitions for service to be presented to Michigan Bell Telephone company, as proposed by a township telephone committee, were unanimously approved at a meeting last night in Alton hall called by the township telephone committee.

J. L. Heidman, chairman of the telephone committee of the Delta County Planning Commission, gave a resume of the activities of the committee and the rural service expansion that has been made on a county-wide scale.

H. F. Gustafson, chairman of the Ensign township telephone committee, presented a progress report on the work of the committee in efforts to obtain phone service for that area. The committee sought to obtain the sentiment of the prospective telephone customers to guide future efforts of the committee.

The committee proposed that a new and complete survey of all residents of the township to determine the number interested in phone service; that petitions be circulated by the committee and when completed the information and petitions will be presented to Michigan Bell. It was this proposal that was unanimously approved by the township residents present at the meeting.

There was lengthy discussion of the telephone needs of the townships and the types of service and rates; and discussion of the Rural Communications Association phone service program.

Representing RCA at the meeting were John Ohlen of Gladstone, RCA president; Peder Pedersen, Stonington, secretary; Archie Potvin, Rapid River, director; and Coordinator Whitmore.

Crippled Children Have Fun At Camp And Circus

By BARBARA DUCHAINE
"Ride me piggy-back," "Lift me up," "Come see what I made today."

This is how a crowd of youngsters welcomed John Lemmer and me yesterday when we arrived at Camp Harstad.

Just a group of children having fun at a summer camp—but these kids are more than that.

Camp Harstad on Ford River road was built last year in six weeks as a community project. It is a summer day camp to provide recreation and education for the crippled children of Delta county. If I had expected to feel pity for these children, any thoughts of it were immediately replaced by a sense of deep admiration. We arrived at the camp about lunchtime to watch four or five of the campers setting the tables—one of the girls rode from table to table in her wheel chair, another wore a leg brace, another was totally deaf.

Excited And Happy But they were excited, eager and happy. Yesterday the youngsters were especially on their good behavior because of promises to attend the Dailey Brothers circus in the afternoon.

Camp Harstad is not run on a strict schedule. Because of the shortness of their attention spans, children are allowed to change activities at will. Horseback riding, swimming, comic books, whittling and swinging are included in a day's choice of recreation. Camp leaders hope to level off the area around the cabin for croquet and badminton games.

After lunch each child lay down for a short nap. And as with all kids, they talked back and forth about plans for the big circus.

"I'm going to shoot out of that cannon," bragged one of the boys. "That's nothing. I'm going to pet the lions and tigers," retorted a little girl.

One of the camp counselors brought me over to talk to a blonde-haired, blue-eyed girl. He told me that the youngsters understand their own cases and were quite willing to explain their rates of progress and the therapeutic techniques used to correct their difficulties.

Phyllis told me that her mother and daddy and she took exercises for her arm every day. She showed me her sling, slipped out her arm and pointed to the muscle which needs correction. Phyllis suffered arm paralysis following a polio attack.

Among the 30 campers are polio, deaf, sight, cerebral palsy and club foot cases.

Help Each Other As they prepared for the circus, the less serious cases aided the more serious, reminding one another that bathing suits, towels and blankets must be taken home over the weekend.

As I helped the children on the bus, one of the little blonde mop-pets asked me, "What's that on your teeth?" "A brace," I answered. "Why, I've got one of those, too, but it's on my leg," said another child.

"Don't worry, the first little girl comforted me. 'You'll be all right. My wrist wasn't straight either, but look—it's getting better!'"

Another youngster called from the back of the bus in a moment's discovery. "Why, she's just like we are—she has crippled teeth!"

You can't help loving these children, and you can't pity them. They are so fond of one another and so willing to sympathize with someone whose difficulties in no way compare with their own.

"When did you start working at this camp?" Dennis queried me. "Oh, I don't work here," I answered. "I go to college in the fall, but this summer I'm working on the newspaper as a reporter."

He looked at me with admiration. "My dad's the editor," I added. With amazing frankness, Dennis looked up at me and said, "Oh, so that's how you got the job!"

All the way to the circus, Ernie, the little boy I sat with, told me stories of the papers he had carried, the fairs he had worked with and the cabin he owned. He had pushed his sailor hat way down on his ears making them protrude. I told him that someday he would grow up to be a handsome man.

and that he didn't want his ears to stick out. The child quickly readjusted his hat to suit me. And during the rest of the day, any time Ernie caught my glance, he smiled and made sure his ears were fixed just right under that cap.

The day at the circus for the children was donated by the Kiwanis club. We arrived on the Escanaba public school bus and were taken into the big top through a special entrance.

Fun At Circus To describe a day at the circus for these youngsters, is no different than describing any group of kids' excitement in watching the trapeze artists, in admiration of the strong men, fear of the wild animals and desire to buy cotton candy, peanuts, popcorn, cracker-jacks and any other junk offered for sale.

"Yup, someday I'm going to own a bunch of horses like that," a little assured me.

When the announcer told the crowd that Zaccchini's wife would shoot him through the cannon, one of the kids asked me:

"Say, did you get that? The announcer said that Zaccchini's wife was the only woman who shot her husband twice a day and got by with it?"

Wide-eyed and open-mouthed, the child on my left waited for the cannon's boom. When the loud noise came, she grabbed my arm in childish fright and then immediately laughed away her fears.

It was a group of tired children who were deposited at their respective homes that day—but none of them was too tired to make sure that each of his friends remembered all belongings. One of the boys helped a girl from the bus, another carried her wheel chair and choruses of "See ya Monday," came from the bus-loud.

And Monday means the beginning of the sixth of the seven weeks session at Camp Harstad. A place where a group of lovable and understanding children laugh and play.

Rotary, Kiwanis To Hear Dr. Bacon At Joint Meeting

Dr. F. L. Bacon, educator, lecturer and author, will speak to the Rotary and Kiwanis clubs of Escanaba at a joint meeting to be held Monday noon at the Delta hotel.

Former superintendent of schools at Evanston, Ill., and visiting professor at the University of California, Dr. Bacon and Mrs. Bacon spend their summers near Burnt Bluff on the Garden Peninsula.

As a member of the Executive Interim Committee of the National Committee on Communism, Dr. Bacon will speak on the topic "Ideas in Conflict."

Gladstone Picks Miss Lindahl

Will Represent City At Fair

GLADSTONE—LaDonne Lindahl, pretty 17-year-old daughter of Mr. and Mrs. Erick Lindahl, 1601 Wisconsin avenue, was chosen last night to represent the city of Gladstone in the Upper Peninsula queens contest at the U. P. State Fair.

Miss Lindahl, five feet, seven inches tall, is blonde and a junior at Gladstone high school.

Dolores Hart of Gladstone, chosen Queen of the North last year, was ineligible for the contest because she represented Gladstone as Miss Rolo in the queens contest in 1947. Miss Hart will be a guest at the fair Tuesday, Aug. 15, and will be presented at the evening coronation.

Last year, Judy White of Gladstone was chosen U. P. State Fair queen.

Selection was made at a dinner party at the ski club.

Car Rolls Over, Burns; Driver Is Fined Here

Selmer Corbisier, 531 North 16th street, was fined \$5 plus court costs of \$9.25 in justice court this morning, when he pleaded guilty to a charge of failing to have his car under control.

A 1939 model car driven by Corbisier rolled over last night about one-half mile north of the C&NW viaduct, on U. S. 2-41. The car caught fire afterwards and is a total loss. The northside fire department and city police were called.

Corbisier told police he was crowded off the road by another car. His automobile, traveling 150 feet on the shoulder, was brought back into the lane and then traveled 80 feet across the road. The car was lying on its top on the left side of the road when city police arrived.

Corbisier was not injured. The accident occurred about 3 a. m.

Briefly Told

Holy Name—St. Joseph's Holy Name members will receive Holy Communion in a body at the 7:30 mass tomorrow.

Lions Club—William Cochran, jr., Iron Mountain, member of the Mackinac Straits Bridge Authority, will be the speaker at the meeting of the Lions club at the Sherman hotel 6:45 Monday evening.

Aid Crippled Children—The Escanaba Insurance Agents association, in regular monthly meeting, voted to contribute \$100 to Camp Harstad, Delta county's camp for crippled and handicapped children, it was announced today.

Death Claims Mrs. Rowe, 91

Stricken Today In Escanaba Home

Mrs. Mary Elise Rowe, widow of Sinai Rowe, died today at 7:15 a. m. in the family home at 309 South Ninth street following an illness and stroke suffered July 10. She was 91 years old.

Born Sept. 23, 1858, at St. Maurice, province of Quebec, Canada, Mrs. Rowe came to Escanaba in 1883 and has resided here since that time.

Mr. and Mrs. Rowe were married May 6, 1879, and the husband preceded the wife in death on Sept. 23, 1926.

Mrs. Rowe was a member of St. Anne's church, of the Catholic Order of Foresters St. Joseph's Court No. 561, and St. Anne's Altar Society.

Surviving are three daughters, Mrs. R. E. Evans of Maywood, Ill., Mrs. A. M. Anawalt of Greenville, S. C., and Lillian, at home; and two grandsons and three nieces.

The body will be in state at the Alto funeral home at 10 a. m. Sunday, where the rosary will be recited at 8:30 p. m. Sunday.

Funeral services will be held at 9 a. m. Monday in St. Anne's chapel with the Rev. Clifford Nadeau conducting the service. Burial will be in Holy Cross cemetery.

cook, tripped on a curb while crossing the street.

Hospital

Clem Pussant, 77, of 1421 Eighth avenue south, fractured his right arm Friday afternoon when he fell from a garage roof he was repairing. He was admitted to St. Francis hospital for setting of the bone and application of a cast, and now is resting at his home.

Peter Tyne, 78, of 330 Stephenson avenue, was admitted to St. Francis hospital at 5 p. m. Friday suffering from a serious hip fracture. Mr. Tyne, a retired camp

Dr. Howard Johnson Placed On Probation

Judge Glenn W. Jackson in circuit court at Escanaba today sentenced Dr. Howard A. Johnson of Escanaba to four years probation after Dr. Johnson pleaded guilty to a charge of felonious assault upon an Escanaba police officer.

A condition of the sentence is that Dr. Johnson is to abstain from the use of alcoholic beverages and from the use of sedatives except as prescribed by a physician. The assault upon the police officer was at the Johnson home, 1114 Eighth avenue south, to which the officers had been summoned.

about this question

Lightning struck our home and ran along the electric wiring, starting fires in several parts of the house. Damage of roughly \$2,000 to our furnishings resulted before the fires were put out. Does our Household Fire policy cover damage caused by lightning?

For the answer to this question consult Art Goulaia, 114 South Tenth Street, Escanaba, Phone 167.

U. P. Industrial Promotion Program Mapped

Gazvoda Named As Contact Man

Technical Experts
To Aid Industries

Albert J. Gazvoda of Hancock was assigned by the Michigan Unemployment Compensation commission, at its meeting in Marquette yesterday, to start work immediately as a field liaison man to assist small "sick industries" in cooperation with the Industrial Action committee of the Upper Peninsula Development Bureau.

The appointment was made after a joint meeting of the Industrial Action sub-committee with the MUCC members at the Northland hotel.

The commission also pledged its cooperation in securing federal funds for a temporary pilot program, whereby a trouble-shooting staff of four or five industrial experts would be assigned to full-time duty in the region. These specialists would give small and large industries technical advice in marketing, research, manufacturing costs and production procedures, advertising, promotion and public relations.

No Overlapping

The program, developed jointly by the Industrial Action committee and the MUCC after an extensive discussion of the Upper Peninsula's population decline and unemployment situation, will not interfere in any way with the industrial promotion work of the Michigan Department of Economic Development.

Approval of the work of Aarne E. East of Calumet, Upper Peninsula field representative of the MPED, was expressed by the Industrial action committee. Ervest has been engaged in the past year in assisting communities in attracting and developing new industries.

The committee went on record as approving the request of the Michigan Department of Economic Development for restoration of \$5,000 to its budget to meet the increased demand for its services in connection with the current rearmament program. Since the outbreak of the Korean war, the department has been deluged with inquiries concerning idle industrial plants and requests for assistance in getting government prime and sub-contracts.

Attendance List

Attending the joint conference were the following: Michigan Unemployment Commission, Max Horton, Detroit, assistant executive director; Emerson J. Poag, Saginaw; John Cassin, Port Huron; and Dr. Robert A. Ashley, Wyandotte; Industrial Action committee, Wm. J. Duchaine, Escanaba; George Polich, Crystal Falls; William Lange, Norway; James L. Pigeon, Ontonagon; C. J. Dubuque, L'Anse; Ben Grobaski, L'Anse; William Johnson, Ironwood; R. W. Jenner, Marquette; Hugh Grow, Escanaba; and George E. Bishop, Marquette.

The Industrial Action committee will meet in Escanaba on Sept. 29 to complete its plan for creating greater employment opportunities in the Upper Peninsula.

The Upper Peninsula Development Bureau will hold its annual meeting at Blaney Park Oct. 5 and 6 when both tourist and industrial problems will be discussed. Among the speakers will be Charles Kettering, noted inventor and industrialist, and Harvey

Campbell, secretary of the Detroit Board of Commerce.

Urges Immediate Action
Immediate action on the Upper Peninsula's industrial recovery program was urged by Dr. Robert A. Ashley, Wyandotte member of the MUCC, who introduced the resolution appointing Gazvoda as the special industrial contact man.

"There's a war coming up," said Ashley. "You people in the Upper Peninsula cannot afford to wait. War contracts are now being let and you should be prepared to get your share."

Emerson J. Poag, Saginaw, who has spent 35 years in the automotive advertising and publicity fields, pledged his cooperation to the Industrial Action committee in the development of a far-reaching promotion campaign. He presented many constructive ideas for publicizing the economic and recreational advantages of the Upper Peninsula.

"You don't want to lose your fine young minds who are leaving the Upper Peninsula because there are no opportunities for them," Poag said. "I personally know some men who have come from this area and become great leaders in industry in Detroit and elsewhere."

Urges Good Selling Job
"You have a selling job to do," Poag continued. "You should solicit the support of the press, radio, universities and others to publicize the Upper Peninsula. I would suggest that you adopt a slogan, and it could well be 'A great place to work — a great place to live.'"

Poag advised the Industrial Action committee at time to time to appoint America's leading industrialists as honorary members, and invite them to give one day of their counsel to the Upper Peninsula group. He suggested the names of such industrialists as K. T. Keller, president of the Chrysler corporation, and Henry Ford II. He also urged an intensive direct mail campaign to attract new industries. An Upper Peninsula industrial exposition was also suggested as a promotional activity by Poag.

Poag offered to work with Gazvoda and members of the Industrial Action committee on a comprehensive report which would "spell out the industrial problems and suggested remedies." He left with the committee these final words of advice:

"Never ask the government for anything that you can do for yourself."

U. P. Population Declined
Opening the conference, George E. Bishop, secretary-manager of the Upper Peninsula Development Bureau, pointed out 11 of the 15 counties of the area have declined in population since 1940. He said efforts to attract new industries have been made in the last five years by the Bureau, but that lack of finances has been an obstacle.

William J. Duchaine, Escanaba, chairman of the industrial action committee, pointed out that while the census figures show a decline of 25,000, it should be pointed out that if the Upper Peninsula had experienced the same growth as the rest of Michigan its population would have increased by 50,000.

"Logically it could be said that the Upper Peninsula has lost about 75,000 in population since 1940," Duchaine added.

William Fountain, Marquette, labor market analyst of the MUCC, said that the employment situation is rapidly improving in the U. P. Currently, only 8 per cent of the available labor force is unemployed, as compared to 16.7 percent in May.

This Is Last Retreat, Says Local GI In Korea

Cpl. Ralph Cook, 219 North 13th street, Escanaba, now with American forces in Korea, was mentioned in a news service dispatch after American troops withdrew from the northwest sector of the Korean front.

Cpl. Cook mans a machine gun with an artillery outfit and he is very proud of the unit's performance.

During this duty withdrawal he expressed the widespread GI attitude by saying:

"This is the last time we're going to move back. I guess the North Koreans are after our outfit because we've been pounding hell out of them. We've been laying shells in as fast as we could load them and three days ago we got six or seven hundred of them in one spot. And we're going to give them plenty more."

The Upper Peninsula labor force of 38,300 in July has been since increased by the return of high school and college students, but he pointed out that many people have been leaving the U. P. to go to industrial areas.

The number of jobless was 8,500 as of July 15, as compared to 16,000 last winter. Fountain said he did not know how much of the drop in unemployment could be attributed to jobless people leaving the Upper Peninsula to work elsewhere.

Young People Leave
Gazvoda said he made a survey of high school graduating classes in the Copper Country and found that 85 per cent of them were leaving the area. Of this number, 35 per cent planned to go to college and the remaining 65 per cent to work elsewhere.

George Polich, Crystal Falls, manufacturer's agent who represents about twenty small industries in the U. P., said that the woodworking plants prospered the first two years after the war, but now they are finding it difficult to compete with more efficient manufacturers in Chicago, Rockford and other industrial centers. He said they need more training and advice in figuring their costs and other production problems. Many of them are trying to operate with insufficient working capital, he added.

Max Horton, assistant director of the MUCC, told the committee members once they have formulated a plan, they would receive the fullest support from the commission. He said the MUCC makes an index of industrial plants, types of equipment and capacity, which would be available to the committee.

Horton announced that the proposal to obtain federal funds to finance a "trouble-shooting" staff of industrial technicians would be placed on the agenda of the Aug. 17 meeting of the commission. In the meantime, he said, Gazvoda would be temporarily assigned to industrial promotion work in cooperation with the Industrial Action committee, and Arthur Kent of Escanaba will take over the field operations job for the entire U. P. These duties, in the past, have been divided between Gazvoda and Kent.

Glenna Fallmer Accepted By Ice Capades

Miss Glenna Fallmer, 19 year old daughter of Mr. and Mrs. Glenn C. Fallmer, 216 South Fifth street, has been invited to join the Ice Capades, world famous ice troupe, at Atlantic City, it has been announced.

Another Escanaba skater, Bob Schwalbach, recently joined the Ice Capades and two other local skaters, all graduates of the Escanaba Ice Revue, Jo Ann Beck and Jean Farrell, are beginning their second year with the Ice Capades.

Other local skaters who have made good in big time professional skating are Jeanne Groos with the Ice Follies, Howard Sullivan with the Ice Cycles and Jon Flanagan, formerly with the Sonja Henie troupe, now free lancing.

Miss Fallmer has been skating at Sault Ste. Marie the past month. She will join the Ice Capades immediately.

Glenna has been a featured performer at the Escanaba ice show for the past five years, teaming with her brother, Billy, now 17, in a doubles act that never failed to score a big hit.

Miss Fallmer was accepted by the Ice Capades as a result of an audition last winter with the Ice Cycles which is affiliated with the Ice Capades. She was invited to join the Ice Cycles as a result of the audition but was unable to do so because of an ankle injury. The subsequent offer from the management of the Ice Capades resulted.

Iron County To Send Herd

Will Be Exhibited
At State Fair

CRYSTAL FALLS — Eino J. Kaski, of Crystal Falls township, is manager of the Iron county herd to be exhibited at the state fair at Escanaba next week, A. W. Otterbein, county agent, announced today.

He has selected eight animals from his own herd at his dairy farm near Fortune lake, and others from the herds of Robert Hall, of Bates township, and Fred Soberg, of Gaastira.

The Iron county 4-H herd, all female animals, will be composed of entries by Tom and William Butler, of Mansfield; Ray Jarvis, Viola Sheltrow, Gail Chapman and Marvin and Geraldine Kaski, of Crystal Falls; Lowell Malmquist and Richard Harju, of Beechwood, and John Turcotte, of Gibbs City road.

When the herds are released at 5 p. m. Aug. 20 at Escanaba, they will be transported direct to the Iron county fairgrounds, instead of back home, and later to the fair, thus eliminating unloading and reloading. Entry day at the county fair here will be Aug. 22.

Iron county's home economics extension groups also will enter an exhibit, entitled "New Hats for Old," at the Escanaba state fair. Youths of the various 4-H clubs in the county will also show clothing, canning, handicraft and conservation exhibits at Escanaba, James L. Myers, county 4-H club leader, announced.

"Rented the first day" said Smith.

Garden Grade School Project Made Possible By Bonifas Gift

ANNOUNCEMENT that work will be started next year on the construction of a \$150,000 grade school in the village of Garden as a gift from the late Mrs. Catherine Bonifas of Escanaba is good news to the residents of that community. It is of considerable interest to Escanabans, too, because this city was a major benefactor in the will of Mrs. Bonifas.

Local residents are familiar with the generous bequests of Mrs. Bonifas for the betterment of the city. They include, among other bequests for public good, \$300,000 for a new public high school, \$600,000 for a new Catholic high school, \$150,000 for a school for handicapped children, \$100,000 towards the establishment of a junior college, \$20,000 for repair and maintenance of the Catherine Bonifas Technical school, \$50,000 for scholarships, \$100,000 for recreational facilities, \$100,000

for a combined courthouse and city hall, \$100,000 for a public office building, and \$100,000 for a Catholic old people's home.

Most of the projects contemplated in the bequests of Mrs. Bonifas still remain to be achieved, but the announcement of the plans for construction of the Garden school indicates that the time is close at hand for some of the improvements made possible by her generosity.

News Photographers Are Brave Men, Too

WHILE we're considering the nasty nature of the fighting in Korea, let's not overlook the job being done by civilian news photographers to bring home to Americans the form and substance of the war.

These men go into battle armed only with their unwieldy camera equipment. The average load carried by a news cameraman weighs twice as much as a super-bazooka and it isn't as much protection.

These men are civilians. Many of them were war correspondents or in the armed services in World War II. Nevertheless they are sharing with our soldiers and Marines the same dangers from North Korean guerrilla attacks, shells, mortars and tanks, and South Korean mud, rain, disease and insects.

Other Editorial Comments

AUGUST FULL MOON

The moon is the satellite of the earth, revolving around it from west to east in a bit less than a month and accompanying the earth on its annual revolution around the sun. The moon is approximately 238,000 miles distant and its mass is about one eightieth that of the earth. Since ancient eras man has governed some of his seasonal activities by the moon. The full of the moon each month of year is a picture of beauty as soft light illuminates the countryside on a star-filled night.

There is a special beauty when August's big, yellow-orange moon sails serenely among the stars. The only comparable time of year is in February when white beauty gleams on hills and valleys and earth is patiently, quietly waiting for the major, semi-annual change. In August and in the second month, fundamental forces seem to pause briefly in time's advance; they consolidate their strength and reorganize for basic changes in year's cycle of profound rhythms.

August full moon is mellow and warm. It lights the hills and grain fields, the stony meadows and upland pastures of America. If a fresh breeze is born at dusk, the flaring spirits of men revive and the glory on the land freshens dull senses. One of year's most beautiful pictures is when the full moon of the eighth month pulls above the dark horizon rim. The dusk and darkness that crawled down from the hills at sunset while afterglow lingered in the sky, are thinned by the light of the rising moon. Men whose years are three score and ten can sense the passage of time when the light of an August moon floods the land. The heavy fragrances of warm humus and ripening apples, the hollow boom of a night hawk, and the bark of a fox from the ridge tell a heart-stirring story that never falters, never ends. The full of the moon in August is proof that when man planted seeds in earth's breast, his faith was justified. The beauty of an August night tells us that first seed, then the ear, then the full corn in the ear is a promise that shall never, never fail.—By Haydn Pearson.

BUSINESS AND WAR TAXES (Milwaukee Journal)

The United States Chamber of Commerce, the "voice of business," has come out for an excess profits tax in this period of high defense costs. We are glad to see it take this stand, for it is obvious that control of profits is just as vital in times of stress as control of wages and prices—and an excess profits tax is more a method of control than a source of revenue.

The chamber is also willing to support an increase in normal income taxes on corporations, but it does not like the president's plan, which would raise taxes on the larger corporations disproportionately. We are glad to see that here again it accepts the idea that industry should expect larger assessments in times of unusual difficulty. This is particularly significant because, if prices and wages are controlled, the higher taxes on business cannot be passed on as easily as in normal periods.

Q—Are penguins found around the Arctic Circle?
A—Penguins are found only in the southern half of the earth. Most of them live within the Antarctic Circle.

A—Golf.

Merry-Go-Round

By TOM MCNAMARA AND
FRID BLUMENFELD

WASHINGTON.—Story behind the president's announcement that he is considering sending a diplomatic minister to the Vatican is that it took him three weeks to make up his mind. Oddly enough, if he goes through with the plan, it will be against the advice of Catholic leaders close to him.

One top congressional leader, a devout Catholic, strongly urged that if the president wanted to re-establish relations with Rome it would be better to do so informally, by naming a successor to Myron Taylor, former White House representative at the Vatican.

This wouldn't require senate confirmation, since Taylor was a personal representative of the president.

"If you ask for the re-establishment of permanent diplomatic relations with Rome, you may touch off a religious debate in the senate that would do more harm than good," Truman was warned. "This is a time when all faiths should be working together for the war effort, instead of displaying disunity."

The president replied that he didn't contemplate a religious row in the senate, but added that he wouldn't back away from one. However, he didn't say whether he would test his former colleagues on the ticklish question before or after the November elections.

NOTE—U. S. and British intelligence experts estimate the Vatican the best "listening post" in Europe.

—OUT OF PAPER—

Senator Joe McCarthy has been grinding out so many speeches and press releases about communism in the state department that he has used up his Senate paper quota. Since he must now pay for paper out of his own pocket, he has appealed to Republican colleagues to lend him some from their supplies.

"When I started on this investigation, my office had an excess of paper of all kinds," McCarthy explained in a letter to Republican senators. "However, due to the great volume of documents we have used to date, my supply of paper has been completely exhausted and it has been necessary for some time to buy all the paper we use. This has become a very expensive venture."

"The thought occurred," McCarthy hinted, "that you might have an extra supply of paper which you would let us have to use in this work."

McCarthy added significantly that he planned to use the paper "in a sizable number of speeches which I plan to make prior to the fall elections."

—PASSING THE BLAME—

In several hush-hush appearances before congressional committees, Adm. R. H. Hillenkoetter, director of the Central Intelligence Agency, has tried to pin the full blame for our foul-up in Korea on the state and defense departments.

For example, Hillenkoetter recently told the house expenditures committee that he had made a series of reports to both departments over a period of six months before the invasion, telling of North Korean troop movements that made war inevitable.

This may be true. However, it is a far cry from what Hillenkoetter told the House Foreign Affairs committee behind closed doors on June 23—just one day before the North Koreans attacked.

At that time the intelligence chief testified that there had been "evidences" of troop mobilization above the 38th parallel, but that it was "almost impossible" to get authentic information because of the "reluctance" of native informers.

Pinned down by Republican Representative James Fulton of Pennsylvania, Hillenkoetter told the committee: "In my opinion, there is nothing to indicate any action in Korea in the near future."

He added something to the effect that "accidents can happen, of course."

—CAPEHART SOS—

Fearful for his senatorial scalp in the November elections, Sen. Homer Capehart of Indiana, the jukebox king, has sent out an SOS to all Republican senators.

"I would consider it a personal favor and it will be of great value not only to myself but the entire Republican ticket in Indiana if you could make at least one speech, preferably more, in Indiana during the campaign," he pleaded in a confidential letter.

Take My Word For It . . . Frank Colby

STOPLIGHTS OF SPEECH
OFTEN CAUSE ANNOYANCE

No one is more annoying than the girl who never finishes a sentence. She rattles on and on, like the knight who jumped on his horse and rode off in all directions, leaving you confused, frustrated, and exasperated.

For example: "Well, she used to be one of my very best friends, I mean, she and I were, . . . YOU know, . . . until she got to saying catty things, . . . I mean, . . . Well, YOU know."

Equally irritating is the too-deliberate speaker with a bad case of the uh-h's. "I . . . uh . . . would like to suggest that, . . . uh . . . we go on record, . . . uh . . . in favor, . . . uh . . . of the, . . . uh . . . appropriation, . . . uh . . ."

Then there is the person who never asks a question without furnishing an answer in the form of another question: "Do you want cream in your coffee, or would you rather have iced tea?" "Do you want me to turn on the fan, or would you rather sit on the porch?" "Shall we play canasta, or would you rather play bridge?"

Such alternative questions cannot be answered with a simple yes or no. Moreover, such questions pin you down to one of two choices willy-nilly. It might be that you do not want either coffee or iced tea; that you are comfortable where you are without the fan; that you dislike both card games.

If you dissatisfied with your job, maybe it's too easy.

Texans Buck National Trend By Increasing Production Of Sheep

By HARLAN BIRNE
Special Correspondent
of The Wall Street Journal

SAN ANGELO.—Texas sheep men have decided to buck the national trend which has been giving consumers fewer and fewer lamb chops, less and less wool.

They have begun to increase their flocks—and are aiming at further expansion. That's important, because every fourth U. S. sheep can boast that he's born and bred in Texas. But it's still too early to claim the rest of the country will follow the lead of growers here. In the past eight years America's sheep population has dwindled nearly 30 per cent.

Millionaire rancher Sid Slaughter calculates he may expand his flock to 35,000 head next year, against only 10,000 to 15,000 the last two years. He figures his 1951 wool clip may reach 200,000 pounds, a fat four times this year's.

Floyd McMillan of Big Lake, 70 miles southwest of here, who's been grazing as many as 10,000 sheep on his 20,000 acres this year, remarks: "I can't say definitely how many more I'll be running next year, but I'm hanging on to more of my ewe lambs and one-year-old ewes than I did two years ago." That procedure would start adding to his flocks in a year or two.

Ford Ogilby, from Eldorado, 40 miles south of San Angelo, thinks he may have an average of about 5,000 sheep next year, against some 4,000 this year.

Continuation comes from Alfred A. Wright, general manager of the National Finance Credit Corp., which handles more sheep loans than any other institution in the state.

"Loan requests from sheep ranchers are greater than a year ago and have jumped nearly 60 per cent in the last three weeks," says Mr. Wright. "Some of the loan requests go well into six figures."

Most ranchers are in a sound financial position, he adds.

High Prices Responsible
The expansion moves are expected to result in a gain of several hundred thousand in Texas flocks, already the country's biggest, by the time the next national sheep census is taken next January 1. The 1950 count showed a rise of nearly 200,000, to 6,703,000 from the year before. But that was still 40 per cent short of the 1943 high.

Sheep men out here in southwest Texas have been promoted to add to their herds by winning wool and meat prices, which they figure will be bolstered by higher prices for lamb chops and by a lush growth of range grasses, brought about by heavy rainfall which last year ended a four-year drought hereabouts.

The state's wool output is expected to accompany the sheep population in its upturn. Ernest Williams, secretary of the Sheep and Goat Raisers' Association, expects the 1950 Texas wool clip will hit 63 million pounds, about a million above last year's 50-year low, and adds that it could hit 75 million in 1951. That would still be far under the 1943 peak of over 80 million pounds.

Williams doesn't think Texas is the only wool frontier that came close to the wartime highs again. He says the state in those days had more sheep than the prairie states put together.

Lamb Price at New High
But sheep men elsewhere might be expected to go the way of Texans, if prices for their animals shoot up as they have here. Mr. Slaughter recently bought 10,000 lambs for fall delivery at a record 25 cents a pound, and San Angelo hotel lobbies, where many transactions are born, are humming with predictions that lamb prices will bound even higher.

The 25-cent price was two cents or so above the pre-Korea level. Comments Mr. Slaughter: "A year ago, I would have paid 20 cents and before World War II only about 10 cents for these lambs."

Wool buyers for eastern dealers and commission houses join the lobby huddles of their rancher acquaintances to tell how they sold a record 25 cents a pound for some top-grade fleeces in a scramble for dwindling piles of this year's clip. Prices are up

Good Evening . . .

By CLINT DUNATHAN

GOOD COMICS.—Not all of the comic books are bad, as many parents have come to know through association with them. Perhaps because of nation-wide protests, many of the more objectionable "crime" and "sensational" comics have cleaned up their covers and contents.

According to Mrs. Lennah Backus of Michigan State College extension service, parents can find acceptable comic books for their children. There are many amusing human and animal cartoon characters that will delight young readers.

Here is her advice on the selection of "good" comics: Lettering should be large enough and the paper white enough for easy reading; drawings should be clear cut and uncrowded on the pages, and interesting but not disturbing.

Our own tip to parents: Become acquainted with the comic books your children read, ban those that are definitely bad, encourage the reading of those that are acceptable.

COWS AND ISMS.—In a recent trade publication appears homespun definitions of some of the "isms" so often discussed among the warring philosophers. You may not agree with all of the definitions, but you should find them amusing. All of the definitions are established on the premise that you have two cows.

Idealism.—If you have two cows you imagine one of them is a bull and you wait for results which do not occur.

Socialism.—If you have two cows, the Government takes both of them and gives you back a little skim milk.

Rugged Individualism.—If you have two cows, you wait until they go dry and then sell them to another rugged individualist.

Communism.—If you have two cows, you are a capitalist and get shot.

Braunian Platinism.—If you have two cows, the government shoots the bull and milks the taxpayers.

Capitalism.—If you have two cows, you sell one, buy a bull, and start production.

REALISM.—Speaking of "isms" we are reminded of the story told by Harold Crosby, railroadman and member of the Escanaba board of education. We might title the story "Realism."

Quite a few years ago, before Escanaba's residential area had expanded, there was a pine grove southwest of the intersection of South 14th street and Fifth avenue. There was an ear light at the corner, but beyond that the pine grove loomed dark and menacing.

At night when ladies unaccompanied by their menfolk had to pass the corner, they would stoop under the ear light at the corner, reach down to the earlight grooved street and then march quickly past the pine grove—a stone clutched in each hand!

MATTER OF HISTORY.—While we are delving a bit into Escanaba history, suppose we remind the local prohibitionists that Escanaba has always had its "liquor problem."

The late Carl E. Anderson, Escanaba city clerk, once checked back through the old records to find out how many licensed liquor establishments the city once supported. If our recollection is correct, there were 125 saloons (63 of them on Ludington street) at about the turn of the century.

According to those who have lived here since childhood, every Ludington street saloon seemed to have a mechanical piano that was playing most of the time. "Last times of liquor and the strains of tinkling music floated out across the street in competition for the trade, largely composed of workmen in town to celebrate."

Out of that row of saloons came one of the saloon proprietors who had run afoul of the law and was under arrest, with a considerable quantity of illegal liquor held as evidence. But when the officers returned to the saloon to confiscate the evidence—it was gone.

"I just couldn't have that feasting stuff around here," said the saloon keeper virtuously, "so I dumped it all out!"

Into The Past

10 YEARS AGO

Escanaba—Harold P. Lindsey, secretary of the Escanaba Chamber of Commerce, was named a vice president of a group of some 25 civic leaders who are organizing for the purpose of promoting travel on the Blue Water Trail around the Great Lakes from Chicago to Detroit by way of the Straits of Mackinac.

Escanaba—Conservation Officer Dick Gearhart has been transferred to the Crystal Falls district, it was learned yesterday from D. H. Raess, local district supervisor.

Manistique—Mrs. Dorothy Shipman, Manistique librarian and traveler, was the guest speaker at the regular meeting of the Manistique Rotary club Monday noon at the Legion cottage. Mrs. Shipman described her recent visit to Jamaica and Haiti.

20 YEARS AGO

Escanaba—A group of Escanaba students at the Northern State Teachers' college, Marquette, for the summer term, have returned to their homes following completion of the term. They include Mrs. Agnes Burke, Amy Johnson, Nellie McDermott, Mrs. Julia Missetter, Florence Lenderville and Elizabeth Mather.

Escanaba—Mr. and Mrs. Murray Jordan and daughter, Mary, and Mrs. Pauline Stegath and daughter, Mary, Villa Park, Ill., are visiting at the home of Mr. and Mrs. Gideon Stegath.

Escanaba—The block on Eighth avenue south between 13th and 14th streets has been paved with bituminous macadam up to the curb and gutter which was recently installed along that stretch. T. F. Kessler, city manager, stated yesterday. A catch basin has been installed in the block also. Steps will be taken soon to lay a concrete sidewalk along the south side of the block.

By merit, not favoritism, shall we attain our ends.—Plaut.

Let your discretion be your tutor; suit the action to the word, the word to the action.—Shakespeare.

Many, O Lord my God, are thy wonderful works which thou hast done, and thy thoughts which are unsearchable: they cannot be reckoned up in order unto thee: if I would declare and speak of them, they are more than can be numbered.—Psalms 40:3.

The man who forgets the wonders and mercies of the Lord is without any excuse; for we are continually surrounded by objects which may serve to bring the power and goodness of God strikingly to mind.—Slade.

Alibi Guy

You may know some folks who never try to shoulder any blame, and the errors that they make they very quickly will disclaim. They connive so it will seem that they are never in the wrong, and that bobbles on the job to other people must belong. But their fellow workers soon get wise to such evading fakes, who admit no fault and always will deny their own mistakes.

There is one in every office who can never take the rap—you can count on him to have a million alibis on tap. When the boss complains of shoddy work, he's quick to have his say—it was righteously suggest that no mistakes are made by him—if you want to find the culprit, just go talk to Joe or Jim.

Though he glosses over all his sins, he never has a fear—if another takes his blame, he's got his conscience in the clear. So you know he hasn't got the guts when someone's on the rap, and you'd find if he would stand and take his licks like a man. For of all the folks who cause you many sore pains and aches, not a one can beat the guy who won't admit his own mistakes.

4-H Luncheon

Flowers and four-leaf clovers decorated the table for the 4-H food preparation luncheon held Wednesday at St. Paul's Lutheran church at Hyde.

The girls prepared and served the luncheon with mothers as guests. Other guests were Rev. and Mrs. Schabow and children, Mr. and Mrs. Mel Nyquist and sons of Escanaba and Mr. and Mrs. Herbert Blomquist of Gwinna, who are visiting at the Nyquist home.

The project now is completed under the direction of Mrs. Richard Donahue, assisted by Mrs. Frank Pinzek. Each member asked to have their baked cookies ready at 6:00 p. m. Monday to be taken to the State Fair for exhibition.

Calf Club

The 4-H calf club met at the home of Clarence Sundquist Monday evening. A talk was given by Mr. Sundquist on entering calves for exhibition at the State Fair. Lunch was served by Mrs. Sundquist.

Garden Club

The 4-H gardening club held their last meeting of the year at the home of Mrs. Pinala Thursday afternoon. William Pinala Jr., club leader instructed the children on exhibiting vegetables at the State Fair. Mrs. Clarence Sundquist was a guest at the meeting. Following the meeting lunch was served by Mrs. Schaut.

Mrs. Frank Pinzek, canning club leader, requests all children to have their canning prepared by 6:00 p. m. Monday for exhibition at the State Fair.

Ford River

William Mather Jr., and his family of Chicago are vacationing with his father at "Many Pines," Howard Barman and family of Hastings, Mich., are vacationing here. Other tourists registered at accommodations include the Walter Louagies and James Duffys of Jackson, Mr. and Mrs. James McKnight of Chicago, Mr. and

Grand Marais

Dowell-Mohr Wedding

Mr. and Mrs. Louis A. Dowell of Grand Marais are announcing the marriage of their daughter, Dorothy, to Paul Curtis Mohr of Detroit. The vows were exchanged Saturday, July 29, at 8:30 p. m., in St. Andrews Methodist church in Detroit.

The bride and her bridesmaid, Mrs. Robert Miller, a sister, were attired in street length dresses of light blue with white accessories and identical corsages. Robert Hicks of Allan Park, a cousin of the bridegroom, was best man.

A reception was held at the home of the bridegroom's parents following the ceremony. The newlyweds are making their home in Detroit.

500 Club

Mrs. Louis A. Dowell entertained the East town 500 club at her home Wednesday evening. First prize was received by Mrs. Charles Bleckner and guest award by Mrs. Parmer Masse.

Guests included Mesdames Theodore Senecal, Edward Soldenski, Steve Tornovich, Isadore Bleckner, Parmer Masse, James Thorington, Rex Block and Charles Bleckner.

Mrs. Isadore Bleckner has invited the club to play at her cottage next week.

Personals

Mr. and Mrs. Herman Pullman and son Michael have returned to their home in Saginaw following a visit here with Mr. and Mrs. Lawrence Teller and Mr. and Mrs. Charles Chilson. Mrs. Pullman is a sister of Mrs. Teller and Mrs. Chilson.

Kenneth Niemi, who has been employed aboard the fish tug Veron, which sunk in Lake Superior Saturday, has returned to Calumet. He was accompanied by his

Mrs. Ray Hackers and family of Green Bay and Rev. Russell Johnson and family of Burlington, Iowa.

Dolores Racicot,
Phillip Viau
Exchange Vows

Miss Dolores Ann Racicot, daughter of Mr. and Mrs. Louis Racicot of Schaffer today became the bride of Phillip Thomas Viau of Route One, Escanaba, son of Mr. and Mrs. Edward Lavigne of Munising.

Father Joseph Beauchene officiated at the nuptial mass at 9 a. m. today in Sacred Heart church at Schaffer. Music for the double-ring ceremony was played by Mrs. Blanche Seymour, church organist. Stanley McInnis sang a vocal solo and Gaynell McInnis sang "On This Day O Beautiful Mother." Gladioli, snapdragons and garden flowers decorated the church altar.

Mrs. Francis Gaudrault, a sister of the bride, was matron of honor and Miss Donna Racicot, Miss Marlene Taylor, Mrs. Walter Sharkey and Mrs. Raymond Viau were her bridesmaids. Gloria Viau, a niece of the bridegroom, and Sharon Morin, a niece of the bride, were flower girls.

Joseph Viau attended his brother as best man and Harold Racicot, Walter Sharkey, Raymond Viau, Louis Viau and Francis Gaudrault ushered. Dale Morin, a nephew of the bride, carried the rings on a white pillow made by Mrs. Erwin Ferdon.

The bride, given in marriage by her father was attired in a heavy, white, slipper gown fashioned with imported lace, brocade waist, full skirt with lace insertions, long train, princess sleeves and high neckline. She wore a Juliet veil of satin with full sweetheart halo and handkerchief edge. Her bridal bouquet consisted of white gardenias and yellow roses.

Reception for 200

Mrs. Gaudrault wore a white gown with tight bodice, brocade nylon insertions and Peter Pan collar. She carried a bouquet of yellow gladioli caught with yellow streamers.

The bridesmaids were gowned in aqua formal gowns fashioned the same as the maid of honor's. They wore heart-shaped headpieces and carried bouquets of white gladioli tied with aqua streamers. Each wore a chain necklace given by the bride.

The flower girls, gowned in white silk, carried assorted garden flowers in large baskets. They wore pearl necklaces, gifts of the bride. Dale Morin, ring bearer, was attired in white linen.

Mrs. Racicot attended her daughter's wedding in a white ensemble with brown accessories and Mrs. LaFave wore a green print with white accessories. Both wore shoulder corsages of pink roses.

A wedding breakfast was served at the bride's home and a wedding dinner at Potvin's Blue Room. A reception for 200 guests was held this afternoon at the bride's home.

Guests

Following a wedding trip, the couple will make their home in Kingston, N. Y. The bride, who attended Niagara high school, has been employed in Appleton, Wis. Mr. Viau is employed by the Pittsburgh DeMains Steel company and is a veteran of the armed forces.

Out-of-town guests include Mr. and Mrs. Fred Morin and family, Mr. and Mrs. Eugene Pilon, Mr. and Mrs. Neil Gordon, Mr. and Mrs. Ed St. Louis and Mr. and Mrs. Fred Gronert of Niagara, Mr. and Mrs. Louis Pilon of Iron Mountain; Mr. and Mrs. Gordon DeMars, Mr. and Mrs. Frank Rogers, Mr. and Mrs. Nick Bodette and Miss Belle Bodette of Escanaba; Mr. and Mrs. Norman LaPalm of Powers, Mr. and Mrs. Lawrence Poquette of Perkins, Mrs. Norbert Griesbach, Mrs. George Van Ooyen and the Misses Betty and Helena Hoayman of Appleton; Mr. and Mrs. Ed Pilon and family, and Mr. and Mrs. Hector Beauchamp and family of Gladstone; Mr. and Mrs. Louis Wrochler of Chesaning, Mr. and Mrs. Art Pilon of Antigo, Mr. and Mrs. Erwin Ferdon of Menominee; Mr. and Mrs. John Gauthier of Bark River, Mr. and Mrs. Jack Connelly and Edward Viau of Milwaukee, Mr. and Mrs. Edward LaFave of Munising and Georgiana Racicot of Neenah.

Miss Pearl Smathers has arrived from Battle Creek for a visit with her sister, Mrs. E. M. Tovey.

Mr. and Mrs. John Watson and family have left to visit relatives in Minnesota.

James Boggs has returned to his home here after spending several weeks in Racine with his father.

Mrs. Betty Beard spent several days this week at Golden Lake.

Mr. and Mrs. Sidney McArthur and daughter Avis and Miss Nadine Curry have gone to visit relatives in Ohio. Their son Bruce will accompany them when they return.

Marion Shedore, Joseph Brandt Married Here

Miss Marion Edith Shedore, daughter of Mrs. Edward Shedore, 1900 Fifth avenue south, and Joseph Robert Brandt, 614 South 18th street, exchanged vows in a wedding ceremony at 9 a. m., today in St. Joseph church.

Father Patrick McArron, O. F. M. officiated at the service and St. Joseph choir sang the music of the nuptial mass. At the offertory Mrs. John Cass sang "Ave Maria" and at the close of services, Miss Doris Costley sang "On This Day." Solos of the mass were sung by Miss Barbara Skopp.

The bride, who was given in marriage by her brother, Joseph Shedore, was attired in a gown of white slipper satin, princess fashion, with sweetheart neckline, long train and sleeves which came to points over the wrist. Her fingertip veil was edged with lace and was caught to a crown of seed pearls. A double strand of pearls, a gift of the bridegroom, was her only jewelry.

Her matron of honor, Miss Theresa DeGrand, wore a yellow taffeta gown with bustle back, and a yellow fingertip veil. John Piron was best man for Mr. Brandt.

The bridal bouquet was fashioned with white gladioli and pink roses and the attendant's bouquet of white gladioli and yellow cut flowers. Mixed garden bouquets decorated the church altar and the bride's home.

Mrs. Shedore selected a black polka dot dress with white accessories and Mrs. Brandt a gray dress with white accessories for the marriage. Both wore shoulder corsages of red roses.

A dinner at the Chicken Shack with covers for 40 guests was served after the ceremony and a reception is to be held at the bride's home this afternoon for 150 guests.

After a wedding trip to an unannounced destination, the couple will live at 614 South 18th street.

The bridegroom is a graduate of Escanaba Senior high school and is employed with the Jacobson Manufacturing company.

Guests at the wedding include Mr. and Mrs. Francis Thill of Fayette, Mr. and Mrs. Clarence Miller of Flint and Mr. and Mrs. Roy Shedore of Powers.

New UMT Legislation May Get Approval Now

By PETER EDSON

WASHINGTON — (NEA) — With a White House endorsement expected soon, the heat will be on again to get a Universal Military Training bill through Congress. As the plan stands now, the idea will be to give about 300,000 18-year-old boys six months of basic military training outside the armed services, then another six months of inactive training.

Cost of this whole program has been estimated at about \$1,500,000,000 a year. Proponents of universal military training add that this is equal to one week's cost of the last shooting war. Since UMT is presented as a great national defense measure, to speed up mobilization, the argument is that it would be a good buy, if not an actual economy.

The last Gallup poll on UMT showed 72 per cent of those questioned favoring it, 12 per cent opposed and 16 per cent with no opinion. This was over a year ago. It is believed the Korean war would put this support percentage, if a poll were taken today.

Up to now, Congress has never had any enthusiasm for UMT. But until recently, Congress never had any enthusiasm for a peacetime draft, either. Times have changed. And with the UMT issue again being shoved to the front, it's important to know what it involves.

The new legislation that has been drafted to put UMT into effect is designed to overcome most of the objections that have been raised to it in the past.

Choice of Services

It starts off with the declaration that every man in the United States owes his country an obligation to undergo military training to protect it in time of emergency.

A National Security Training Corps would be created. Each trainee would be paid \$30 a month, plus transportation, food, clothing, equipment and medical care. Dependency allowances would also be paid at the rate of \$50 a month for one dependent, \$65 a month for two or more dependents.

On reaching the age of 17, every U. S. male would be required to register with his local Selective Service Board. These local boards could grant deferments. If a registrant was in high school, he could be deferred until his graduation. But no deferments could be granted beyond age 26. Other deferments could be granted for extreme hardship, physical or mental disability.

Each registrant would be given a choice of taking Army, Navy or

Air Force training within quota limits. Conscientious objectors would be given optional non-combatant training. No one would be allowed to furnish a substitute nor buy an exemption from training.

Types of Inactive Duty

Basic training would continue for six months. After that time the trainee would go on inactive duty for an additional six months. Eleven types of inactive duty are specified:

1. Further training with the NSTC.
2. Voluntary enlistment in the regular military services.
3. Enlistment in National Guard or Organized Reserve for specified times.
4. Enlistment in the Enlisted Reserve Corps and assignment to a unit.
5. Admission to West Point, Annapolis, or the Coast Guard academy.
6. Enrollment for Naval or Marine Corps officer training.
7. Entrance on a college course which will include Reserve Training.
8. Entrance on a college course which will include Reserve Officer training.
9. Admission to a Merchant Marine academy.

9. Pursuance of a prescribed technical course and agreement to accept a reserve commission.

10. Enlistment in the Volunteer Reserve, with agreement to take one month's training per year for six years.

11. Alternative training in such national defense programs as may be later established.

Instruction of trainees would be by officers of the regular defense services, at camps and bases designated by the President, near the trainees' homes. It would be unlawful to keep houses of ill fame, brothels, bawdy houses or places of entertainment which are public nuisances near any training camps. Sale or giving of intoxicating liquor to any trainee would be made unlawful.

The whole program would be run by a National Security Training Commission of three members, two of them civilians and one a military man. The commission would have an advisory board made up of from 10 to 25 members, to help shape policies, and provide for high moral, religious, recreational and educational training. A strict code of military

justice would be prescribed to protect the rights of the trainees. On completion of their courses, trainees would be subject to call for active service until they reached their 26th birthday.

ANNUAL ELECTION AND MEETING OF WELLS TOWNSHIP

Annual election held on July 10, 1950. Seal broken on ballot box No. 5285. All contents destroyed. Ballot box sealed with seal No. 4377. Martha Olson and Jenny Manninen acting as Clerks. Almira West and John Guven as Inspectors, and Martha Ahli, Gatekeeper. The polls closed at 6 p. m.

The annual meeting immediately followed the counting of the ballots. All bills were examined and ok'd to be paid with exception of Beauty Garage. The insurance of School building No. 2 was raised to \$5,000 from \$2,000.

The remodeling of the schools was discussed and Mr. Taylor is to estimate the approximate cost of work. John Guven is to discuss this work with him. The Northland toilets are to be repaired and cleaning of the schools is to follow the remodeling.

Signed:
MARTHA AHLI, Secretary.

6123-Aug. 12

NOTICE OF SPECIAL ASSESSMENT

To: Frank Lindenthal, Coleman Nee, Theo. Liedtke, Benjamin G. Skaug, Kenneth E. Olson, Geo. V. Bathke, Chester H. Nichol, Andrew M. Skaug, Wm. J. Mulvaney, F. E. Brooks, Louis P. Auger and all others interested.

TAKE NOTICE, that the roll of the special assessment heretofore made by the Assessor for the purpose of defraying that part of the cost which the Council decided should be paid and borne by special assessment for the following improvement: The curbing and paving with black-top paving material of 9th Avenue South from South 14th Street to South 16th Street, is now on file in my office for public inspection.

NOTICE IS HEREBY GIVEN that the Council will meet in the council chambers of the City Hall on Friday, August 18, 1950, at the hour of 8:00 p. m. to review said assessment, at which time and place opportunity will be given all persons interested to be heard.

Dated August 11, 1950.
GEORGE M. HARVEY,
City Clerk.
6123-Aug. 12

NOTICE OF SPECIAL ASSESSMENT

To: O. H. Nantelle, Milton H. Lauscher, H. J. Frederickson, L. A. McMillan, Fred Jamar, Chester Rice and all others interested.

TAKE NOTICE, that the roll of the special assessment heretofore made by the Assessor for the purpose of defraying that part of the cost which the Council decided should be paid and borne by special assessment for the following improvement: The extension of the sanitary sewers from 3rd Ave. S. to 5th Avenue South, between 22nd and 24th Streets, is now on file in my office for public inspection.

NOTICE IS HEREBY GIVEN that the Council will meet in the council chambers of the City Hall on Friday, August 18, 1950, at the hour of 8:00 p. m. to review said assessment, at which time and place opportunity will be given all persons interested to be heard.

Dated August 11, 1950.

FOR
BETTER LIVING

The Brighton

A Handsome Roomy Ranch House

Rooms Six
Bedrooms Three
Closets Eight
Cubage
House 21,900
Garage 3,000
Dimensions 42' x 26'

In addition to its all - modern kitchen, a spacious dining room and living room, the Brighton also boasts three good - sized bedrooms. These, plus the wealth of centrally located storage space, put this well-planned little house up near the top of the "best planned" list.

Clapboards are suggested for the exterior finish of the house.

Measuring 42 by 26 feet, the Brighton has a cubage of 21,900 feet. The garage has a cubage of 3,000 feet. At least a 60-foot lot would be required for both the house and attached garage.

One step leads to the recessed porch which provides stormy weather protection for visitors to the Brighton. The front door opens into an entry hall which has a large coat closet at its further end. At the left of the hall is an archway to the dining room; the living room is on the right.

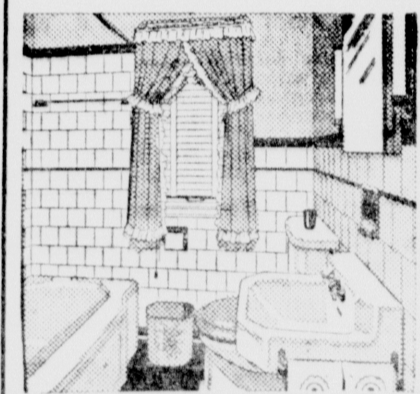

The large picture window flanked by narrow casement windows, does a lot to "dress up" the appearance of the dining room. Measuring 11 by 10 feet, the dining room is large enough for the attractive arrangement of a conventional size dining room set and buffet. Mrs. Homemaker won't have any trouble whatsoever putting that corner china cabinet to good use.

Also featuring a good-sized picture window flanked by narrow casement windows, as in the dining room, the living room's decorative appearance is further enhanced by the fireplace in the center of the right wall. Vying with the dining room for honors as the most attractive room in the house, the living room is 16 feet in length, and 13 feet 6 inches in width—large enough for a variety of friendly social gatherings.

Conveniently located next to the dining room, the kitchen is so planned as to make the job of meal preparation as easy and pleasant as possible. Work counters are arranged in an L pattern along the right and back walls in this 11 by 10 foot room. The stove should be placed at the right end of the working counters, beside the hallway entry to the kitchen.

Place the refrigerator against the opposite wall where it will be near the work counter surface, yet no great distance from the stove. You'll find the broom closet, beside the refrigerator, a welcome storage place for your vacuum cleaner, dust cloths, mops, polishes, etc.

The back door, located in the left kitchen wall, opens on the sun deck and provides easy access to the back yard—a feature you'll especially appreciate if there are youngsters in your family. This deck can be covered, if desired.

Attached to the house, the 20 by 10 foot garage can be reached directly from this sun deck. It receives plenty of light from the windows in the back wall and the one in the side wall. Screens, storm doors and garden equipment can easily be stored in this garage.

Back in the house proper, the bath opens off the hallway, just to the right of the kitchen. Large enough to hold both a shower and a tub, the bath is thoroughly modern in its fixtures and is well lighted by one window in the back wall.

Facing the hall, there is a spacious clothes closet adjacent to the doorway to the largest of the three bedrooms.

With two windows, one in the back wall and another in the right wall, plus an extra-sized closet, this 12 by 11 foot room should be used as the master bedroom. The other two bedrooms, occupying the further right wing of the house, are reached by a horizontal hall that is connected by an open archway with the central hall leading from the kitchen to the master bedroom.

An unusually large closet occupies the left end of the horizontal hall and the right end terminates in a spacious linen closet.

Question: What method do I use in painting copper flashing?

Answer: First clean off grease and acid with either gasoline or soap and water. Then use a rust inhibitor paint, such as red lead, blue lead sulphite, etc. Finally use a regular finish.

L'Anse Priest Assigned Here

Bishop Noa Names
Fr. F. Scheringer

The Rev. Fr. F. M. Scheringer of L'Anse has been appointed to succeed the late Father B. J. P. Scherger as pastor of the St. Francis de Sales Catholic church.

Announcement to that effect was made earlier this week by the Most Rev. Thomas L. Noa, Ph.D., D. D., bishop of the Marquette diocese.

Father Scheringer, who is at present pastor of the Sacred Heart parish at L'Anse, will assume his new duties August 21, which since the death of Father Scherger, have been handled by the Rev. Fr. E. H. Berendsen.

Father Scheringer was born in Calumet and received his early schooling there. His early college training was received at St. Norbert's in West De Pere, Wis., and later at Nazareth hall and St. Paul, Seminary in St. Paul, Minn., where he was ordained in the priesthood in 1921.

He has been pastor of the Sacred Heart parish at L'Anse for the past several years.

He is a member of the Marquette diocese and has been a member of the National Council of Catholic Bishops.

He is a member of the National Council of Catholic Bishops and has been a member of the National Council of Catholic Bishops.

Music Over The Lagoon Was Novel Attraction

Music across a lagoon, with a natural band shell of limestone to impart added resonance was a decided innovation to the hundreds of people who heard the Manistique Municipal band perform at its weekly concert Thursday night.

The band was at its best presenting a selection of numbers that have proved to be favorites among the audiences the past summer.

Solo numbers were also presented by Max Naylor, on the xylophone and Ray Norberg, with the trombone, the band furnishing accompaniment.

Mr. Naylor, veteran with all percussion instruments, is at his best with xylophone and his rendition of "The Elbow of Araby," scored heavily. Ray Norberg's rendition of the tune "Blue Bells of Scotland," was also very appealing.

The public's reaction to the experiment is being sounded. The chief criticism voiced is to the effect that the distance between the audience and the band was too great. Many folks like to see as well as hear the band perform. Another criticism was the mulling about of the cars. Hundreds of people attended and many of them stayed only to hear a number or two and then moved away. While they were maneuvering their cars no one near them heard the music.

Several people many blocks from the scene report that they heard the concert clearly from their porches or from the open doors of their homes.

Cars In Collision At Rapid River

Michigan State Police investigated a minor property damage accident involving autos driven by Reuben Nelson, 23, Sturgeon Bay, Wis., and Arthur L. Burton, 77, Rapid River, which collided at the intersection of US-2 and the Rapid River main street Thursday afternoon.

Buffaloes Still Setting Pace In Men's Golf Loop

The Buffaloes continued their winning ways in Twilight league golf this week nailing the Wolves out one point, 161 to 162, to stay on top of the heap in the season's play. The Beavers are in second place, one game behind, while the Lions climbed into third place.

Scores:
Beavers 160, Badgers 160.
Buffaloes 161, Wolves 162.
Bobcats 157, Elks 160.

Standings:
W L T Pct.
Buffaloes 9 3 0 750
Beavers 8 4 0 667
Lions 7 5 0 583
Badgers 6 5 1 545
Wolves 6 6 0 500
Elks 6 6 0 500
Bobcats 6 6 0 500
Tigers 4 7 1 363
Gophers 3 8 1 273

Bill Rajala had low score for the afternoon with a 40. Walter VanDeWeghe, Chuck Green and Charles Hoffes had 41's, Bob Skellenger, Bob Nyland 42's, Lewis Empron 44 and Charles Green sr., Hubert Bray, Howard Hansen, Ed Parkhurst and George Minne 45's.

Next week's schedule:
4:00 p. m.—Wolves vs. Tigers.
4:15 p. m.—Beavers vs. Lions.
4:30 p. m.—Gophers vs. Bobcats.
5:15 p. m.—Badgers vs. Buffaloes.
5:30 p. m.—Beavers vs. Elks.

Six more rounds of play remain in the summer's schedule.

Obituary

JOHN NESSMAN
Funeral services were held Thursday afternoon at the Kauter & Jackson funeral home for John Nessman who passed away Monday. The Rev. G. A. Herbert conducted the rites and burial was in Fairview cemetery. At the services, Mrs. Carl Wedell sang, "In the Garden." Pallbearers were Victor Carlson, Andrew Carlson, John Fredson, John Larson, Albin Nelson and Ernest Johnson.

City Briefs

Out-of-town relatives and friends who attended the funeral services for John Nessman were: Mr. and Mrs. Walter Nessman of Clearwater, Florida; Mr. and Mrs. Carl Anderson and family of Milwaukee; Mrs. Alver Frans and son of Spring Lake; Mrs. Melvin Druding of Nahma; Mrs. A. Bjorkman and Mrs. Nels Pearson of Rapid River. Bill Mueller has returned to his home from Elkhart, Indiana, where he has been employed. He will attend the National Guard encampment at Grayling for the next two weeks.

Recent weekend visitors at the Roy Spalding home were Mr. and Mrs. Carl Juhl and son, Carl jr., of Escanaba, Cyril Page and son Billie of Minneapolis, Mr. and Mrs. Winifred Cordes and daughters and son-in-law of Milwaukee and Antone Farley and Miss Albarine and Tella Goodboud of Garden.

Mr. and Mrs. F. W. Pfeiffer and son Allen returned Wednesday from a two weeks' vacation visit with relatives in Seattle, Wash. Mrs. Alcott Erickson is returning to Minneapolis on Sunday after spending the week visiting with her parents, Mr. and Mrs. August Goodman.

Mr. and Mrs. Ralph Snodgrass of Detroit and Mrs. Walter Carrow of Cheboygan, Mich., visited last weekend with Mr. and Mrs. Walter Baldwin, the Glenn Baldwins and T. W. Robertsons. Mrs. Snodgrass and Mrs. Carrow are nieces of Walter Baldwin.

Joe Barak of Kipling left Thursday for Chicago to vacation visit for a week with friends. He also attended the All Star game on Friday evening.

Mr. and Mrs. Jas. Baribeau, daughter Virginia and son Iven have returned to their home in Green Bay following a week's visit here with their son and daughter.

Oldtimers Play Gets Under Way

Two More Games Set For Coming Week

The Soo Line swamped the Business men, 23-5, as Oldtimers play got under way here Thursday evening at the playground diamond.

The game was marked by the heavy hitting of Emerson who got four out of four.

Ducheny and Houghton formed the Railroad battery with Knutson and Monson working for the losers.

Two oldtimer games are scheduled for the coming week. Recreation Director Elmer Peterson states, "The Soo Line will play the Buckeye Mill on Monday evening while on Wednesday night the School Teachers will clash with the Marble Arms-Card team."

City Briefs
Arlette Torkelson of Austin, Minn., is spending several weeks vacation visiting at the Chas. Bartlett home. Arlette is a great niece of Mrs. Bartlett.

Mr. and Mrs. Leonard Stengel and daughters of Two Rivers, Wis., visited the earlier part of the week with Mr. and Mrs. Elmer Beaudry. They were enroute home from Mackinac Island where they attended a meeting over the weekend. Mrs. Stengel is a niece of Mrs. Beaudry.

Mr. and Mrs. James Mitchell and children, Sharon and Jimmy, arrived today from St. Johns, Mich., to visit with Mr. Mitchell's mother, Mrs. James Mitchell, 1118 Michigan avenue.

Following a two-weeks' visit with friends in Gladstone and Escanaba, James Berkeley left on Friday for his home at Cedar Lake, Ind.

Chet Lamirand and daughter, Gerry, and Mrs. Dorothy Walch and daughters Carol and Connie have returned to their homes in Bay City after visiting here with the Roy Spaldings.

Recent weekend visitors at the Roy Spalding home were Mr. and Mrs. Carl Juhl and son, Carl jr., of Escanaba, Cyril Page and son Billie of Minneapolis, Mr. and Mrs. Winifred Cordes and daughters and son-in-law of Milwaukee and Antone Farley and Miss Albarine and Tella Goodboud of Garden.

Mr. and Mrs. F. W. Pfeiffer and son Allen returned Wednesday from a two weeks' vacation visit with relatives in Seattle, Wash. Mrs. Alcott Erickson is returning to Minneapolis on Sunday after spending the week visiting with her parents, Mr. and Mrs. August Goodman.

Mr. and Mrs. Ralph Snodgrass of Detroit and Mrs. Walter Carrow of Cheboygan, Mich., visited last weekend with Mr. and Mrs. Walter Baldwin, the Glenn Baldwins and T. W. Robertsons. Mrs. Snodgrass and Mrs. Carrow are nieces of Walter Baldwin.

Joe Barak of Kipling left Thursday for Chicago to vacation visit for a week with friends. He also attended the All Star game on Friday evening.

Mr. and

FAMED TEAM COMING MONDAY—The famed King and his Court, classy four-man softball team featuring the sensational pitching of Edie Feigner, will meet Harnischfeger Red Sox at Memorial field Monday night at 8:45. Feigner (center, back row), in nine years has average 16.5 strikeouts and has pitched 70 perfect games. He has won 596 games, lost 41 and tied nine.

Red Sox Tip Loans In Tournament

Four top notch softball games are on tap this evening in the district tournament with semi-finals and finals scheduled for Sunday afternoon and evening.

Tonight at Memorial field, Maple Grove and Ensign will tee off at 6:30; Larry's of Gladstone will meet Escanaba Merchants at 8 and the Paper Mills will tackle the White Birch crew at 9:15. In the fourth game of the evening, Marble Arm's Gladstone will tangle with Clairmont Transfers at Royce park at 6:30.

In last night's feature game and advertised "grudge battle", there was little grudge evidenced but the Harnischfeger Red Sox made the most of three hits and wildness of three pitchers to eliminate the Liberty Loans 4-2.

Loans Take Lead
The Loans took a two run lead in the third inning but the Red Sox scored three in the fifth without a hit as Kenny Dufrene, starting Loans pitcher, walked in the first run. His relief pitcher, Louie Kozitsky also was wild and walked in another run to tie the score, Phil Brazeau, Red Sox catcher, drove in the winning run as he grounded out, Corrieau scoring.

"Frog" Winters made the fielding play of the game as he snagged a potential home run ball and toppled over the fence. There was a runner on base at the time.

John Pierpon, Red Sox hurler, allowed six hits but was invincible with men on base in all except the third inning.

The Merchants tipped Larmays, 4-3 in another game in which the winning team was outwit, this time 7 to 5. Kenny Buckland was the winning pitcher. Don Nyquist got two of the Merchants three hits. Nick Brayak got two for three for the Loans.

Allows One Hit
"Jug" Peterson was the outstanding player of the night as he pitched a one-hit game and walked two home runs as the Nu-Way Cleaners walloped Lundstroms of Manistique, 12 to 0. Peterson struck out 11 batters. McCarthy of the Cleaners got three for four.

Wally Lake pitched Larmays of Gladstone to an 11-6 victory over Fleetwoods of Spalding in a game that featured a six run attack by the winners in the fourth. Don Shannon, Spalding catcher, got a home run in the fifth.

Power and Light team had no difficulty in disposing of Gladstone Lions, 10-2, at Royce park, in a class C game.

Finishing up the game that was called by darkness Thursday night, Ensign held its 10-9 margin over the Kwanis club.

Sunday afternoon's schedule finds Steam Laundry and winner of the Maple Grove-Ensign game playing at 1:15; Harnischfeger Red Sox meeting the loser of the White Birch-Paper Mill game at 2:30 and Hughes Motors meeting Nu-Way Cleaners at 4 p. m. (all games at Memorial field. At Royce park at 1:15, Power and Light will play winners of the Marble Arms-Clairmont game.

Finals in all classes will start at 6:30 Sunday night at Memorial field.

Verne Bickford's No Hitter May Set New Pennant Fire In Boston

(By The Associated Press)

Vern Bickford's no-hitter, first in the majors since 1948, may be the spark to ignite another pennant fire in Boston.

No longer do the Braves field customers chant that old refrain about "Spahn, Sain and a day of rain." Their '48 pennant formula is old stuff.

Bickford, once No. 3 man behind Johnny Sain and Warren Spahn, can hold his own with the best, giving Billy Southworth a strong 1-2-3 pitching punch. With

any luck, all three can be 20-game winners. The three have won 44 of the Braves' 59 victories.

Walking only four, the 29-year-old right-hander Bickford allowed but one man to reach second base, Brooklyn's Rex Barney, pitched the last previous no-hitter against New York, Sept. 9, 1948, was the victim.

Carrying a 7-0 lead into the ninth last night, Bickford wavered momentarily. He walked pinch hitter Jim Russell. After retiring

Pee Wee Reese, he walked Gene Hermanski. Russell then became the first Dodger to reach second base. After Duke Snider curled a long foul drive into the left field corner, he rapped a double play ball to Shortstop Buddy Kerr to end the game.

The Braves clipped a full game off the Phils' lead when New York's Sal Maglie knocked off the pace setters, 3-1. Al Dark's two-run homer and an inning of wildness by soldier Curt Simmons gave the Giants their 18th win in

their last 21 games. Ewell Blackwell, flashing his 1947 form, held the Cardinals to four hits and left them in fourth place, 5½ games behind the Phils. Ted Kuszewski slugged two doubles and a single in a 5 to 2 win.

Chicago handed Pittsburgh another loss, 3-1, with Frank Hiller copping his third in a row.

Everybody fattened up on the second division clubs in the American except Detroit and Boston. The Tigers were held to a doubleheader split at St. Louis

and lost ground all around. Dizzy Trout bested Ned Garver for a Detroit win in the 4-3 opener when Don Lenhart dropped a throw for a possible double play ball in the 10th inning.

Outfielder Ken Wood cut down two consecutive runners at the plate in the second game, won by the Browns, 2-1. Although he held St. Louis to five hits, Hank Borowy lost his first start as a Tiger.

Cleveland moved to within three games of Detroit by showing across two runs in the ninth

to edge Chicago, 3-2. Ray Boone's single drove home Allie Clark with the winning run for Mike Garcia.

Joe DiMaggio rode the bench for the first time in his career and his sub, Cliff Mages, hit a seventh inning homer that gave New York a 7-6 edge over Philadelphia. The Yankee clipper was benched by Manager Casey Stengel who said he was "dead tired."

Cuban Sandolfo Consuegra stopped Boston with six hits to give Washington a 5-2 triumph.

Bears And Cubs In Doubleheader

Escanaba baseball fans will be treated to a doubleheader at city diamond Sunday.

In the first game at 2:30, the Bears will entertain Chatham. In the night cap, the Cubs, U. P. junior champions, will wind up their season against Bark River in a Waubung league game.

Currently Escanaba is in third place in the Rainbow league standings (southern division) with a record of 6 and 5 while Chatham has won four and lost six.

The Bears have a "revenge"

motive tomorrow, since Chatham whipped the locals 6-4 when the two teams met June 4.

Coach John Schwalbach said today he was undecided between his three pitchers, Jack Beck, Joe Rademacher and Russ Hiltunen.

In their game with Bark River, the Cubs will be seeking their tenth win in a row in Waubung league competition. Coach Al Ness said he hoped to have either Fred Boddy or Jack Chriske available to pitch. Chriske attended the Philadelphia Eagles-College All Star game in Chicago last night but is expected back for the game.

Last night, the Cubs went to Chatham with only 10 players and defeated the Alger county crew, 12-3, behind the three hit pitching of Tippy Larmay. Pete Kutches got a double and triple and Tom Schwabach got two for four. The Cubs got only seven hits but Frigard, Chatham pitcher, was wild and walked several.

Line score:
Escanaba 7 11 03—12 7 5
Chatham 002 01— 3 3 4
Larmay and Nyquist.
Frigard and Backman.

More Teams Enter Local Girls Meet

Two more teams—defending champion Negaunee and Iron River—have entered the U. P. girls softball tournament which will be held here late next week.

Other teams entered are Marquette, Menominee and three local teams, Home Ecs, Tim and Sallys and Delta Hardware.

Another team, Lake Linden, is reported as planning to enter.

Drawings for the tournament will be made at Marquette Sunday where Tim and Sallys will play the Marquette team.

Because of fair week, there will be no league games played here. However, practice games will be as follows: Monday, Home Ecs and Tim and Sallys; Tuesday, Delta Hardware and Home Ecs; Wednesday, Tim and Sallys and Delta Hardware; and Thursday, Delta Hardware and Home Ecs.

Ransom Leading Pros At Tam

CHICAGO—(AP)—Henry Ransom of Chicago today held the halfway lead in the professional division of the Tam O'Shanter "world" golf championship with a total of 139.

Ransom fired a three-under-par 69 yesterday to lead the pro run for the first prize of \$11,000. He is 2 strokes up on Chandler Harper, new PGA champion, in the 72-hole meet.

Tied at 142 were Dick Mayer, Porky Oliver and Jim Fernier while Bobby Locke, Clayton Heaton and Ed Furgol shared 143. Even with par 144 were Lawson Little, Cary Middlecoff, Johnny Bulla, Jimmy Demaret, Skeet Riegel and Ted Kroll.

Babe Zaharias of Chicago shot a four-under-par and a 148, a 2-stroke edge over Patty Berg of Minneapolis, in the women's pro department, Miss Berg got 77 for 150.

Peggy Kirk of Findlay, O., was ahead in the women's amateur division with 77 for 156.

Wilfred Wehrle of Ormond Beach, Fla., fired a 75 for 143 to take the lead in the men's amateur tourney over Frank Stranahan of Toledo with 76 for 145.

Duke Of Edinburgh Buys Presents For Princess On Trip

DAMASCUS—(AP)—It's a shame to disclose the secret, but the Duke of Edinburgh is going to surprise Princess Elizabeth with presents of Damascus brocade, carved wood and inlaid brass when he returns from Mediterranean sea duty. The Duke bought the presents when he came here on a visit when his ship, the Chequers, was at Latakia.

He explained he bought the brocade because the Princess had been so impressed with brocade presented her as a wedding present by former President Shukry Quawlaty.

Spilling The Dope

By Charlie Larson

Wonder what will happen to baseball in Escanaba in the future. A good start was made this year and the problems were many. One of them was the difficulty of getting boys to give up softball for baseball.

In the past, players on the Bears have deserted the baseball team in droves for the softball tournament.

So this year a rule was made that no one could play with the Bears who played softball.

As a result, several good baseball players were lost because they did not wish to quit playing softball.

This was partly offset by the fact that midweek games have been scheduled by the Bears to give the boys plenty of chance to play.

This arrangement has worked out pretty well—up to now. But now Tom St. Germain and Bob Dufour, two mainstays of the Bears outfield, join the Liberty Loans to play in the district softball tournament.

What effect that has on prospects next year, if the Bears do have a team, remains to be seen.

But it is going to be pretty tough, under the circumstances to divorce softball and baseball. The boys who want to play both will always point to the desertion of Dufour and St. Germain. It looks like what might have been a winning fight now has turned to a losing one.

Another question that will have to be solved next year is the question of bringing in outside players.

When too many local boys quit early this year because of softball, Fr. Louis Cappa, team manager, brought in several boys from his native Copper Country.

A couple of them, Russ Hiltunen and Dean Bailey, quickly demonstrated that they were top notch ball players and rated regular jobs on the team.

The others, however, were on the average of other Bears fighting for the same places. And when they were given preference too often, local boys displaced by them ver displaced.

The thing was ironed out, however, but there must be some understanding before next year.

We sincerely hope baseball continues to come back. But there are difficulties ahead.

Elmer Swanson Only Tournament Survivor

SAULT STE. MARIE—It was up to Elmer Swanson, jr., today to keep Escanaba's bid for the U. P. golf championship alive.

MARY AGNES WALL

IN ILLINOIS TOURNEY

HIGHLAND PARK, Ill.—(AP)—Mary Agnes Wall of Menominee heads a delegation of six Michigan entries in the 50th annual women's western golf championship opening here Monday.

Helene Stiegel of Philadelphia is defending champion.

In addition to Miss Wall, the Michigan group includes Margaret Russell of Detroit, Vonnie Colby of Sault Ste. Marie, Mrs. Joseph Stapheniskas, Barbara Canine of Kalamazoo and Pat Devany of Detroit.

Swanson, a gas station operator, was the only Escanaban remaining in the semi-finals this morning. And he had to eliminate a fellow Escanaban, Gerald Harris, one up, to do it yesterday.

The former Escanaba high school basketball star was paired today in the semi-finals against J. D. Miller, another young sharpshooter from St. Ignace. They were all even at noon with five holes to go.

DiMag Is Tired; Sits On Bench

NEW YORK—(AP)—For the first time in his major league career, Joe DiMaggio was benched last night.

"Joe is dead tired," said Yankee Manager Casey Stengel before the Yanks-A's game eventually won by the Yanks, 7-6. "I hate to do it, but this is the right time. I don't know how long I'll keep him out. Perhaps a week. He can pinch hit, of course."

"I'm tired," DiMaggio said. "I've got my share of aches and pains. I know some people are saying that I'm through, Well, they said that in '46, but I wasn't."

The "Yankee Clipper" has missed after games, but DiMaggio when he was injured, DiMaggio currently is hitting .270 or .61 points lower than his lifetime mark of .331. He had managed only four hits in last 38 times at bat.

ELECT SALSINGER

CHICAGO—(AP)—H. C. Salsinger, veteran sports editor of the Detroit News, was elected president of the Football Writers Association of America last night. He succeeds Hal Middleworth, sports writer for the Detroit Free Press.

Eagles Wrecked By Stars, 17-7

Tigers Split; Lipon Spiked

ST. LOUIS—(AP)—The Detroit Tigers yesterday split a doubleheader with the St. Louis Browns—Paul (Dizzy) Trout winning his fifth straight, newcomer Hank Borowy losing a tough one in his first Tiger start.

Trout won the opener, 4 to 3 in ten innings, for his fifth straight as savior of the pitching staff. Despite 13 hits, the Tigers lost the second game for Borowy, 2 to 1, when Ken Wood, rookie outfielder with a phenomenal arm, threw out two Bengals at the plate in the eighth inning. Borowy gave only five hits.

The only Tiger run scored for him was Hoot Evers' 18th homer.

Meanwhile Virgil Trucks reported with his arm feeling worse after a workout, and Manager Red Rolfe was dejected.

"I don't know whether we'll continue to carry him or not," Red said. He wouldn't discuss it any further, however.

Johnny Lipon suffered two bad cuts on his left leg in the fifth inning of last night's second game. While stealing second base, he collided with Brownie shortstop Owen Friend. He may be out a week.

The Tigers will try to take the series edge today with Hal White (3-4) on the mound against Clarence Marshall (1-2).

In the second quarter, Justice snared a 35-yard scoring pass from Le Baron, who was nearly trapped 25 yards behind scrimmage by several mountainous tacklers before squirming loose and spotting his receiver.

Justice was every inch an All-American—a ball of fire lashing 133 yards in nine carries, including runs of 47, 31, 23 and 12 yards.

Justice, who has decided not to join the major pro ranks, herded the all-stars on a 54-yard scoring drive in the first period. Ralph Pasquariello of Villanova (who will play for the Los Angeles Rams) punched over from the one-yard line.

In the second quarter, Justice snared a 35-yard scoring pass from Le Baron, who was nearly trapped 25 yards behind scrimmage by several mountainous tacklers before squirming loose and spotting his receiver.

Minnesota's Gordon Soltan (Green Bay Packers) placedkicked both extra points and added the coup de grace with a 24-yard field goal in the final period.

Just prior to the field goal, the Eagles appeared to be recovering with a 57-yard touchdown surge capped by Steve Van Buren's one-yard smash. Then they lost their steam again.

Kemphorn Starred

Mammeth Leon Hart of Notre Dame (Detroit Lions) Don Campt, College of Pacific, (San Francisco 49ers), Hall Haves, Santa Clara (Washington Redskins); Dick Kemphorn, Michigan (Philadelphia Eagles); Leo Nommellini, Minnesota (San Francisco); Tom Novak, Nebraska, (Chicago Bears); Jim Owens, Oklahoma (Pittsburgh Steelers); Clayton Tommemaker, Minnesota (Green Bay)—these were just a few of the all-star giants who sewed up the Eagles defensively.

The Eagles gained only 85 yards rushing while the winners hammered 221. Van Buren, the National league's champion ground game for two years, was held to 32 yards in 13 tries.

"I really believe they were the greatest team ever assembled," said Coach Anderson of the all-stars.

"Little Le Baron's pitchouts to both the right and left were the plays that beat us," observed Coach Neale.

AUSCOS WIN
MONROE—(AP)—The St. Joseph Auscos, winners of the state tourney of the National Baseball congress, will compete in a best of three series against the Ohio State champion starting here Aug. 14. The Auscos emerged the state victors yesterday by defeating the Monroe Orioles, 11-3, in the finals of a 16-team double elimination battle.

SUTHPAW WINNERS

BLOOMINGTON, Ill.—(AP)—Bob Buchanan of Indianapolis is the new champion of the nation's lefthanded golfers. The Purdue university senior defeated Jake Walters of Tacoma, Wash., 2 and 1, yesterday in the finals of the 11th annual national lefthanded golfers tournament.

WORTH \$75,000
SANTA MONICA, Calif.—(AP)—Gussy Moran has hung a \$75,000 price tag on her tennis racket. "I won't give up my amateur standing for a cent less," she said. "After all, amateur tennis is too much fun."

India Must Import Tons Of Sugar

NEW DELHI—(AP)—India must import 109,000 tons of sugar to meet essential needs during the present year, the food ministry has announced.

Indian domestic sugar production was short of the target figure last year and this year's crop also appears likely to be less than hoped. The possibility of making up the shortage with purchases from Formosa or Cuba is being investigated.

NOTICE OF SPECIAL ASSESSMENT To John Katsenelle, Joseph Eddling, Martin Vancas, Marjorie Rodman, Mary T. Martinson, Matt Sudac, Marko Pargen, Douglas Spade, and all others interested:

TAKE NOTICE, that the roll of the special assessment heretofore made by the Assessor for the purpose of defraying that part of the cost which the Council decided should be paid and borne by special assessment for the following improvement, The extension of the sanitary sewers between 10th Avenue N. and the C. & N. W. Dock from 18th Street N. to 19th Street North, is now on file in my office for public inspection.

NOTICE IS HEREBY given that the Council will meet in the council chambers of the City Hall on Friday, August 18, 1950, at the hour of 8:00 p. m. to review said assessment, at which time and place opportunity will be given all persons interested to be heard.

Dated August 11, 1950. GEORGE M. HARVEY, 6125-Aug. 12

Petra Dura Is the name given to the finest kinds of Florentine mosaic work, formed with inlaid materials of the hardest kind.

THREE GENTLEMEN IN H

Rock, Gwinn Legion Posts To Observe V-J Day Sunday

ROCK—Finals plans for observance of V-J at Turin McFarland Sunday were completed at a joint meeting of Rock Legion Post 559 and Sather-Paris Post of Gwinn Thursday night.

The day's activities will begin with flag-raising ceremonies at 10:30 a. m., Sunday, Aug. 13, with music by the Rock Legion band. Many events for young and old are planned and lunch and refreshments will be served on the grounds.

A baseball game between Gwinn and Little Lake will be played in the afternoon and a dance will be held at the town hall beginning at 9:30 p. m. Numerous prizes will be awarded.

Governor To Ask Two Million For Michigan In War

(Continued from Page One)

of the state police must be between 21 and 30.

The problem may be relieved somewhat, Leonard said, because selective service officials are considering permitting draft exemptions for policemen in any future war.

The council unanimously approved Leonard's plan for a security squad to include 11 men and a clerk-stenographer under a sergeant. The squad would investigate subversive activity, seek to prevent sabotage and concern itself with like security matters in cooperation with the federal bureau of investigation.

Conducting the meeting, the governor asked the council to consider recommending a \$62,997 appropriation for civil defense. The proposal called for one office manager, two field men, two stenographers and a duplicating machine operator.

State Guard Outlined
The council decided this was not enough manpower, suggesting that at least more field men would be required. They boosted the request to "not less than \$100,000."

Plans to spend \$30,000 on planning for the state guard were explained by Col. George B. Ely, commanding officer. The council approved.

He said the cost of actually organizing the state guard could not be estimated until the National Guard was called to federal service.

A legal problem concerning financing the guard was outlined by the governor. It is not clear, he said, if money expended by the legislature for the National Guard can be used to finance a state guard if the National Guard is called up.

The "living blood bank" appropriation, Dr. Heustis said, would cover building an addition to the state laboratories which would be needed, stockpiling supplies and blood plasma, training personnel and like expenses until June 30, 1951.

Supervisors Appointed
The plan calls for preparing for atomic attack or any other major catastrophe by eventually blood typing everyone in the state.

Leonard reported to the council that the state's ground observers' corps was well on the way to activation. Of 788 station supervisors to be appointed in Michigan, 524 have been appointed, he said.

Appointments of supervisors have been completed in 36 counties, partly completed in 17, and there were no reports from 20. Each supervisor is responsible for recruiting his own staff of observers.

The corps, an aircraft-spotting organization, will be trained and equipped by the U. S. air force as an adjunct to its radar screen.

Mexico Places Ban On U. S. Chorus Girls

LOS ANGELES — (AP)—Mexico's Panchos and Pablos, Juans and Joses, have had their last look at a prime U. S. export—curvy, long-stemmed chorus girls. The Mexican government has decided to enforce a law requiring night club performers to be of Mexican birth.

This was disclosed yesterday by Miss Ginger Lee, who as head of the Ginger Lee agency, annually contracts for hundreds of variety and vaudeville acts with south of the border cabarets.

"The police tell the managers that they will be fined or penalized if they allow us on the floor," Miss Lee said her showgirls told her.

The Mexican consul general here confirmed it. "It is a federal regulation in effect for some time. Monday they started enforcing it," he stated.

Alabama Farmer, 45, Held In Feud Slaying

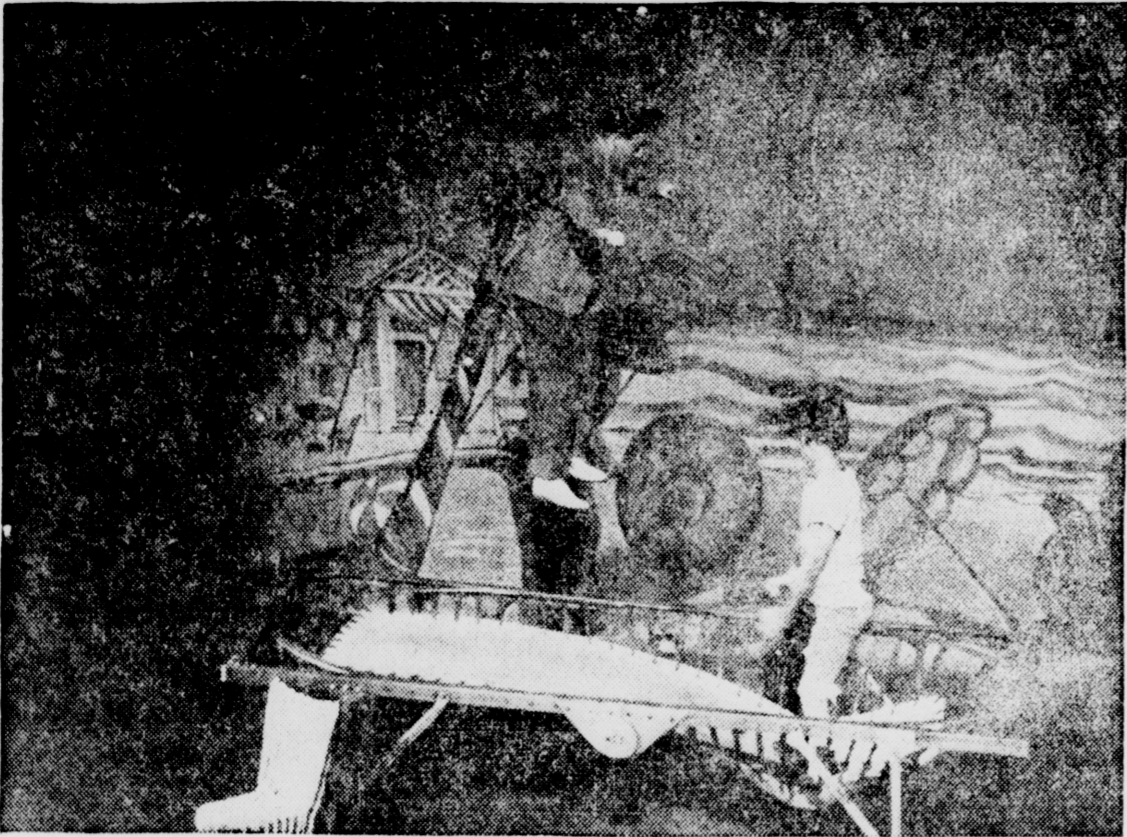

FOLEY, Ala.—(AP)—The wife of a well-to-do truck farmer today was held with him on murder charges following the slaying of a high school football star.

Sheriff Taylor Wilkins accused Mrs. Dorothy Walters of passing ammunition to her husband while he blazed away at members of the neighboring Beech family.

Rex Beech, 18-year-old Foley high school fullback, was killed and a brother, Joe Beech, 21, critically wounded Thursday. Wilkins blamed a neighborhood feud for the shootings.

Clarence Walters, 45, surrendered after the shooting. He told officers he opened fire because members of the Beech family advanced on him threateningly.

The average level of food consumption in Britain rose to 2,990 calories daily in 1949, just below the pre-war figure of 3,000.

MONROE AND GRANT, featured act in the grandstand show to be presented at the U. P. State Fair, at Escanaba, Aug. 15-20, literally bounced and bounded themselves into their eminent position in the upper bracket of vaudevillians. Monroe and Grant are trampoline performers, the tops in a field which has expanded vastly in recent years in response to an insistent public demand for acts which combine superb skill and hearty good humor. And, the

celebrated duo has both skill and the qualities that provide not mere laughs but guffaws on a wholesale basis. Performing from their mattress-like arrangement, suspended on springs from a metal frame set several feet above the stage level, they reel off a rapid-fire succession of acrobatic antics, using the insecure and powerfully elastic trampoline much like a spring board.

Drop In Ore Shipping May Become Serious

CLEVELAND — (AP)—A 25 per cent drop in ore shipments was the number one problem today of a new Great Lakes shipping committee.

This drop of 11,509,578 tons from 1949 could become serious as the nation rolls into a rearmament program. But steel sources say ore supplies are adequate for the months immediately ahead as the situation now stands.

The committee, composed of prominent leaders in steel, coal, shipping and other industries, is similar to the lake vessel committee which operated during World War II.

Bottlenecks Watched
Its executive director is Clifton L. Wyman of Shaker Heights, a

Sabotage Reported On British Aircraft Carrier Illustrious

LONDON — (AP)—The admiralty disclosed today that files have been found jammed in a boiler of the 23,000-ton aircraft carrier Illustrious.

It said intelligence officers are investigating while the ship undergoes repairs at Devonport.

This is the third time this year naval intelligence has been called on to investigate incidents on the carrier. Once signal flares were found in the boiler room and another time water was discovered in the supply of aviation gasoline.

There have been other recent cases of damage to warships. Loose bolts were found strewn in the gearbox of the destroyer Cavendish, and sand was found in the bearings of the submarine Tallyho while she was being refitted at Devonport.

Mustang Pilot Hit By His Own Rocket

A U. S. AIRBASE in Korea — (AP)—A Force Lt. Joseph C. Miles of Harlem, Ga., was hit by a rocket he fired from his own Mustang fighter.

Miles brought back a 50-pound chunk of rocket to prove it. The airman fired the missile and hit a red tank.

Almost simultaneously he felt a heavy jolt through his plane. When he tried to lower his wheels for a landing, he learned the reason.

A chunk of rocket apparently ricocheted from the tank and lodged in the plane's wheel-well. Miles landed safely.

Soviets Stage Play On Singer Robeson

MOSCOW — (AP)—A play, depicting the life of American Negro singer Paul Robeson, will be presented here soon.

The play, entitled, "John, A Soldier at Peace," is expected to portray various episodes in Robeson's life including his appearance at the 1949 Peekskill rally, which ended in rioting, and the state department's recent action taking away his passport.

Escapers Caught

MONROE — (AP)—Forest Henning, 27, and Charles Carroll, 29, who fled the West Virginia state penitentiary at Gypsy, W. Va., last week, were arrested Friday by state police from Erie post. They were taken to the Monroe county jail to be held for West Virginia authorities.

Bombing In Brussels

BRUSSELS — (AP)—A small bomb was hurled at the Belgian Communist party headquarters' building here early today. The front was damaged and several windows smashed.

Ensign

Mrs. Edward Lamberg and son Glen, are visiting in Milwaukee with Mr. Lamberg who is employed there.

No Income Levies For GIs In Korea

(Continued from Page One)

present 15 per cent to 18 per cent. The actual increase in taxes will be around 20 per cent for perhaps more than half of the 50,000,000-plus taxpayers, with lower percentage increases in the higher brackets that now pay the stiffest taxes. The new, higher rates, will apply on only one-fourth of 1950 individual income, but will be applicable to all income in 1951 and years thereafter.

2. Increase corporation taxes by \$1,500,000,000 a year, raising the top rate from 33 per cent of income to 45 per cent.

The increased rates on corporations are applicable to one-half of corporate 1950 income, and will apply to all income in 1951 and subsequent years.

3. Exempt GIs in areas of hostility from any tax on their pay and reduce the taxes for officers. The committee instructed its staff to draw up details of this plan. In this instance the committee acted on its own, going beyond the proposals of the president.

4. Plug tax law loopholes. In this area, the committee has not followed the president's recommendations explicitly. It rejected a 10 per cent withholding on corporation dividends, designed to get taxes from persons who fail to report dividend receipts in their income tax returns. The treasury estimated this would have yielded \$175,000,000.

5. Speed up incometax payments by corporations, to crowd an extra \$4,000,000,000 or more dollars into the treasury over the next five years. Corporations now have a full year in which to pay the previous year's tax. The speed-up, over a five-year period, would have them pay all of one year's taxes within the first six months of the following year.

6. The committee also recommended that the shipping season might be extended beyond the usual Nov. 15 closing date which marks expiration of the ore carriers' term of insurance.

No new ore carriers will be added to fleets this year or next, but three 18,000-ton freighters for Pittsburgh Steamship Co. are to be ready for the start of the 1952 season.

Lights All Go Out in Southern Maine; 150,000 Affected

BIDDEFORD, Me. — (AP)—The lights went out in southern Maine last night as a power failure darkened 60 cities and towns.

Some 150,000 were without electricity for periods ranging from five minutes to an hour. The breakdown covered an area of 1,100 square miles in York, Cumberland and Oxford counties.

The power went off in Trull hospital, Biddeford, as a woman entered the delivery room. Shortly after the lights went on, she gave birth to twins—a boy and a girl.

At the Kennebunkport playhouse, actors finished "This, My Darling Daughter" while workers held candles and ushers dotted a battery of flashlights at the stage.

In Ocean park, a police cruiser came to the rescue of an amateur vaudeville benefit. The car beamed its floodlight through an open door and onto the stage.

The arc lights at Scarborough Downs went out just as horses entered the track for the third race. Some 5,000 fans waited quietly for 20 minutes until service was restored.

Woman Talker Wins 30 Minute Marathon

PORT LEE, N. J. — (AP)—A contest to find the woman who could talk the longest spontaneously ended last night after half an hour—at the request of the judges.

Mrs. Arthur Praxler of New York city was declared the winner of the Palisades amusement park competition after chattering for 30 minutes about recipes and hints on child care and reciting part of a novel.

The second place winner lasted only 12 minutes.

Crying Baby Slapped To Death By Father

NEW YORK — (AP)—A 25-year-old father has been accused of fatally slapping his infant daughter because her crying disturbed him as he watched a television show.

The father, Walter Dorn, was held without bail on homicide charges in felony court yesterday pending a hearing Aug. 25.

The child, Deborah, nine months old, was found dead in her crib by her mother, Bernice Dorn, 21. An autopsy disclosed the baby died of a fractured skull.

Arkansas Will Get \$200,000,000 H Bomb Plant, Says Gazette

LITTLE ROCK — (AP)—The Arkansas Gazette says in a copy-righted story that "Arkansas will get the new \$200,000,000 hydrogen bomb plant."

In a story written for its Saturday morning edition, the Gazette said "that was the tentative decision of Washington officialdom yesterday (Friday) when it came to the conclusion that only Arkansas has all the necessary elements for the plant."

"These are power, seclusion, large idle acreage, fuel and labor supply," the newspaper said.

The newspaper didn't specify the authority for its statement that Arkansas had been tentatively selected for the plant.

The plant has been sought by Arkansas for the mountainous northwest or north-central section of the state.

Lady Mendl Leaves \$1,000,000 Estate

LOS ANGELES — (AP)—Lady Elsie De Wolfe Mendl, famed socialite and hostess to the world's celebrities, left an estimated \$1,000,000 estate, mostly in stocks and bonds, when she died at age 92 last July 12.

Her will, filed for probate yesterday, bequeathed \$350,000 to her friend and secretary of 23 years, Mrs. Hilda West Douglas. A charitable organization, the Elsie De Wolfe Foundation, Inc., will receive \$100,000.

The remainder of the estate after payment of bequests, will be placed in trust to provide a \$10,000 yearly income for her husband, Sir Charles Mendl, 79. Income in excess of that will go to Mrs. Douglas. Upon their deaths, the principal will go to the foundation.

Lady Mendl, a former actress who became a leader of international society, died in Versailles, France, but was a legal resident of Los Angeles county.

Love Cools; Nudist King And Queen Call Off Wedding Plans

MAUCH CHUNK, Pa. — (AP)—The king and queen of a nudist colony who said they fell in love at first sight have cancelled their wedding plans.

They decided they didn't want to get married after all. Frank Molnar, of Trenton, N. J., and Vicki Atkins, Bridgeport, Conn., members of the Eastern Sunbathers' association which crowned them king and queen two weeks ago, disclosed yesterday they had broken their engagement.

The wedding had been set for tomorrow at the association's Sunny Rest Lodge near Mauch Chunk in Eastern Pennsylvania.

Air Force And Army Call Up More Reserves

(Continued from Page One)

medical officers filled by Sept. 10.

In other military developments: 1. Newspaper and radio stations were asked by the armed forces not to report alerts or movements of troops training in the United States on grounds that such information would aid the enemy.

2. The maritime administration ordered withdrawal from the reserve fleet of 25 more victory-type cargo ships, bringing the total number to be restored to service to 143.

3. The navy disclosed that the 27,000-ton aircraft carrier Leyte is being kept in service instead of being laid up for modernization as previously planned. Instead, her sister ship Lake Champlain is to be taken out of the "mothball" fleet and modernized.

4. Rep. Towse (R-NJ) introduced a bill in the House calling for universal military training. However, President Truman—although he favors such a program—was reported unwilling to press for it at this session of congress.

Presidential secretary Charles Ross said Mr. Truman feels the controversial issue might interfere with legislation he considers vital to Korean war needs.

Over 500 Attend Dedication Of Ralph Air Field

RALPH—More than 500 persons attended dedication ceremonies at the Allen A. Wells Memorial air field at Ralph this week.

L. D. Randall of Norway, principal speaker, told the assembled Dickinson county residents: "We are here today not so much to dedicate an air field to the memory of one of Dickinson county's foremost residents, but rather to honor the spirit and enterprise which has made America great."

"Mr. Wells," he added, "was a rugged product of a rugged land—he was a man who lived in the future."

Calling attention to the years during which the late Mr. Wells, as a veteran member of the county board, fought for good roads and for development of aviation, Mr. Randall said: "We are here today to dedicate the indomitable spirit of this man, for without such spirit neither good roads nor airfields would have been built."

The Norway editor declared that the spirit of the late Allen Wells was the spirit that made America great. "He believed in Dickinson county and in its sound future, and he sold it to the people," Randall pointed out.

Tracy Southworth, chief state airport supervisor; Mario Fontana, representing Dickinson county pilots association; John V. Sundstrom, supervisor of Felch township; Pat Scherman, chairman of Dickinson county board of supervisors; Mrs. Jane Dahlstrom, who succeeded Wells as supervisor of West Branch township; Bernard and Harry Wells, sons of the late supervisor; Harry Wells, a brother of Spalding; and Mrs. Allen A. Wells were among those present.

More than 25 U. P. aircraft lined the field for the ceremony.
